However, all warehouses or other similar facilities that are operated by persons in the same taxpayer group and that are located within one mile of each other shall be treated as one qualified distribution center.

(IV) "Qualifying year" means the calendar year to which the qualifying certificate applies.

(V) "Qualifying period" means the period of the first day of July of the second year preceding the qualifying year through the thirtieth day of June of the year preceding the qualifying year.

(VI) "Qualifying certificate" means the certificate issued by the tax commissioner after the operator of a distribution center files an annual application with the commissioner. The application and annual fee shall be filed and paid for each qualified distribution center on or before the first day of September before the qualifying year or within forty-five days after the distribution center opens, whichever is later.

The applicant must substantiate to the commissioner's satisfaction that, for the qualifying period, all persons operating the distribution center have more than fifty per cent of the cost of the qualified property shipped to a location such that it would be situated outside this state under the provisions of division (E) of section 5751.033 of the Revised Code. The applicant must also substantiate that the distribution center cumulatively had costs from its suppliers equal to or exceeding five hundred million dollars during the qualifying period. (For purposes of division (F)(2)(z)(i)(VI) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.) The commissioner may require the applicant to have an independent certified public accountant certify that the calculation of the minimum

thresholds required for a qualified distribution center by the operator of a distribution center has been made in accordance with generally accepted accounting principles. The commissioner shall issue or deny the issuance of a certificate within sixty days after the receipt of the application. A denial is subject to appeal under section 5717.02 of the Revised Code. If the operator files a timely appeal under section 5717.02 of the Revised Code, the operator shall be granted a qualifying certificate, provided that the operator is liable for any tax, interest, or penalty upon amounts claimed as qualifying distribution center receipts, other than those receipts exempt under division (C)(1) of section 5751.011 of the Revised Code, that would have otherwise not been owed by its suppliers if the qualifying certificate was valid.

(VII) "Ohio delivery percentage" means the proportion of the total property delivered to a destination inside Ohio from the qualified distribution center during the qualifying period compared with total deliveries from such distribution center everywhere during the qualifying period.

(ii) If the distribution center is new and was not open for the entire qualifying period, the operator of the distribution center may request that the commissioner grant a qualifying certificate. If the certificate is granted and it is later determined that more than fifty per cent of the qualified property during that year was not shipped to a location such that it would be situated outside of this state under the provisions of division (E) of section 5751.033 of the Revised Code or if it is later determined that the person that operates the distribution center had average monthly costs from its suppliers of less than forty million dollars during that year, then the operator of the distribution center shall be liable for any tax, interest, or penalty upon amounts claimed as qualifying distribution center receipts, other than those receipts exempt under division (C)(1) of section 5751.011 of the Revised Code, that would have not otherwise been owed by its suppliers during the qualifying year if the qualifying certificate was valid. (For purposes of division (F)(2)(z)(ii) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.)

(iii) When filing an application for a qualifying certificate under division (F)(2)(z)(i)(VI) of this section, the operator of a qualified distribution center also shall provide documentation, as the commissioner requires, for the commissioner to ascertain the Ohio delivery percentage. The commissioner, upon issuing the qualifying certificate, also shall certify the Ohio delivery percentage. The operator of the qualified distribution center may appeal the commissioner's certification of the Ohio delivery

percentage in the same manner as an appeal is taken from the denial of a qualifying certificate under division (F)(2)(z)(i)(VI) of this section.

Within thirty days after all appeals have been exhausted, the operator of the qualified distribution center shall notify the affected suppliers of qualified property that such suppliers are required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed. The supplier of tangible personal property delivered to the qualified distribution center shall include in its report of taxable gross receipts the receipts from the total sales of property delivered to the qualified distribution center for the calendar quarter or calendar year, whichever the case may be, multiplied by the Ohio delivery percentage for the qualifying year. Nothing in division (F)(2)(z)(iii) of this section shall be construed as imposing liability on the operator of a qualified distribution center for the tax imposed by this chapter arising from any change to the Ohio delivery percentage.

(iv) In the case where the distribution center is new and not open for the entire qualifying period, the operator shall make a good faith estimate of an Ohio delivery percentage for use by suppliers in their reports of taxable gross receipts for the remainder of the qualifying period. The operator of the facility shall disclose to the suppliers that such Ohio delivery percentage is an estimate and is subject to recalculation. By the due date of the next application for a qualifying certificate, the operator shall determine the actual Ohio delivery percentage for the estimated qualifying period and proceed as provided in division (F)(2)(z)(iii) of this section with respect to the calculation and recalculation of the Ohio delivery percentage. The supplier is required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed.

(v) Qualifying certificates and Ohio delivery percentages issued by the commissioner shall be open to public inspection and shall be timely published by the commissioner. A supplier relying in good faith on a certificate issued under this division shall not be subject to tax on the qualifying distribution center receipts under division (F)(2)(z) of this

section. A person receiving a qualifying certificate is responsible for paying the tax, interest, and penalty upon amounts claimed as qualifying distribution center receipts that would not otherwise have been owed by the supplier if the qualifying certificate were available when it is later determined that the qualifying certificate should not have been issued because the statutory requirements were in fact not met.

(vi) The annual fee for a qualifying certificate shall be one hundred thousand dollars for each qualified distribution center. If a qualifying certificate is not issued, the annual fee is subject to refund after the exhaustion of all appeals provided for in division (F)(2)(z)(i)(VI) of this section. The fee imposed under this division may be assessed in the same manner as the tax imposed under this chapter. The first one hundred thousand dollars of the annual application fees collected each calendar year shall be credited to the commercial activity tax administrative fund. The remainder of the annual application fees collected shall be distributed in the same manner required under section 5751.20 of the Revised Code.

(vii) The tax commissioner may require that adequate security be posted by the operator of the distribution center on appeal when the commissioner disagrees that the applicant has met the minimum thresholds for a qualified distribution center as set forth in divisions (F)(2)(z)(i)(VI) and (F)(2)(z)(ii) of this section.

For the purpose of this division, "bad debts" means any debts that have become worthless or uncollectible between the preceding and current quarterly tax payment periods, have been uncollected for at least six months, and that may be claimed as a deduction under section 166 of the Internal Revenue Code and the regulations adopted under that section, or that could be claimed as such if the taxpayer kept its accounts on the accrual basis. "Bad debts" does not include repossessed property, uncollectible amounts on property that remains in the possession of the taxpayer until the full purchase price is paid, or expenses in attempting to collect any account receivable or for any portion of the debt recovered;

(ee) Any amount realized from the sale of an account receivable to the extent the receipts from the underlying transaction giving rise to the account

receivable were included in the gross receipts of the taxpayer;

(ff) Any receipts for which the tax imposed by this chapter is prohibited by the Constitution or laws of the United States or the Constitution of Ohio.

(gg) Amounts realized by licensed motor fuel dealers or licensed permissive motor fuel dealers from the exchange of petroleum products, including motor fuel, between such dealers, provided that delivery of the petroleum products occurs at a refinery, terminal, pipeline, or marine vessel and that the exchanging dealers agree neither dealer shall require monetary compensation from the other for the value of the exchanged petroleum products other than such compensation for differences in product location or grade. Division (F)(2)(gg) of this section does not apply to amounts realized as a result of differences in location or grade of exchanged petroleum products or from handling, lubricity, dye, or other additive injections fees, pipeline security fees, or similar fees. As used in this division, "motor fuel," "licensed motor fuel dealer," "licensed permissive motor fuel dealer," and "terminal" have the same meanings as in section 5735.01 of the Revised Code.

For the purposes of this division, "real estate broker" and "real estate salesperson" have the same meanings as in section 4735.01 of the Revised Code.

(4) A taxpayer's method of accounting for gross receipts for a tax period shall be the same as the taxpayer's method of accounting for federal income tax purposes for the taxpayer's federal taxable year that includes the tax period.
