(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

(3) "Formula ADM" and "category six special education ADM" have the same meanings as in section 3317.02 of the Revised Code.

(4) "Preschool child with a disability" and "individualized education program" have the same meanings as in section 3323.01 of the Revised Code.

(5) "Parent" has the same meaning as in section 3313.64 of the Revised Code, except that "parent" does not mean a parent whose custodial rights have been terminated.

(6) "Preschool scholarship ADM" means the number of preschool children with disabilities reported under division (B)(3)(h) of section 3317.03 of the Revised Code.

(7) "Qualified special education child" is a child for whom all of the following conditions apply:

(a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.

(b) The school district in which the child is entitled to attend school has

developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or

(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.

(8) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education to participate in the program established under this section.

(9) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of education shall pay a scholarship to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the state board of education. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider, and to pay for other services agreed to by the provider and the parent of a qualified special education child that are not included in the individualized education program but are associated with educating the child. Upon agreement with the parent of a qualified special education child, the alternative public provider or the registered private provider may modify the services provided to the child. Each scholarship shall be in an amount not to exceed the lesser of the tuition charged for the child by the special education program or twenty thousand dollars. The purpose of the scholarship is to permit the parent of a qualified special education child the choice to send the child to a special education program, instead of the one operated by or for the school district in which the child is entitled to attend school, to receive the services prescribed in the child's individualized education program once the individualized education program is finalized and any other services agreed to by the provider and the parent of a qualified special education child. The services provided under the scholarship shall include an educational component or services designed to assist the child to benefit from the child's education.

A scholarship under this section shall not be awarded to the parent of a child while the child's individualized education program is being developed by the school district in which the child is entitled to attend school, or while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending. A scholarship under this section shall not be used for a child to attend a public special education program that operates under a contract, compact, or other bilateral agreement between the school district in which the child is entitled to attend school and another school district or other public provider, or for a child to attend a community school established under Chapter 3314. of the Revised Code. However, nothing in this section or in any rule adopted by the state board shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the scholarship for the child to attend a special education program for which the parent is required to pay for services for the child.

Except for development of the child's individualized education program, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, as defined in section 3323.01 of the Revised Code, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the autism scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C)(1) As prescribed in divisions (A)(2)(h), (B)(3)(g), and (B)(10) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM and the category six special education ADM of the district in which the child is entitled to attend school and not in the formula ADM and the category six special education ADM of any other

school district. As prescribed in divisions (B)(3)(h) and (B)(10) of section 3317.03 of the Revised Code, a child who is a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the preschool scholarship ADM and category six special education ADM of the school district in which the child is entitled to attend school and not in the preschool scholarship ADM or category six special education ADM of any other school district.

(2) In each fiscal year, the department shall deduct from the amounts paid to each school district under Chapter 3317. of the Revised Code, and, if necessary, sections 321.24 and 323.156 of the Revised Code, the aggregate amount of scholarships awarded under this section for qualified special education children included in the formula ADM, or preschool scholarship ADM, and in the category six special education ADM of that school district as provided in division (C)(1) of this section.

The scholarships deducted shall be considered as an approved special education and related services expense of the school district.

(3) From time to time, the department shall make a payment to the parent of each qualified special education child for whom a scholarship has been awarded under this section. The scholarship amount shall be proportionately reduced in the case of any such child who is not enrolled in the special education program for which a scholarship was awarded under this section for the entire school year. The department shall make no payments to the parent of a child while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending.

(D) A scholarship shall not be paid to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the state board for the program established under this section.

(E) The state board shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

The rules also shall specify that intervention services under the autism scholarship program may be provided by a qualified, credentialed provider, including, but not limited to, all of the following:

(5) Unlicensed persons holding a doctoral degree in psychology or special education from a program approved by the state board;

(6) Any other qualified individual as determined by the state board.

(F) The department shall provide reasonable notice to all parents of children receiving a scholarship under the autism scholarship program, alternative public providers, and registered private providers of any amendment to a rule governing, or change in the administration of, the autism scholarship program.

Sec. 3310.43. (A) As used in this section:

(1) "Registered private provider" has the same meaning as in section 3310.41 of the Revised Code.

(2) "Two years of study" means the equivalent of forty-eight semester hours or seventy-two quarter hours.

(B) The state board of education may issue an instructional assistant permit to an individual, upon the request of a registered private provider, qualifying that individual to provide services to a child under the autism scholarship program under section 3310.41 of the Revised Code. The permit shall be valid for one year from the date of issue and shall be renewable.

For an individual to qualify for a permit under this section, the registered private provider shall assure to the state board all of the following:

(D) An individual issued a permit under this section shall be subject to the requirements of sections 3319.291, 3319.31, 3319.311, and 3319.313 of the Revised Code.
