

(130th General Assembly)
(Amended Senate Bill Number 194)

AN ACT

To amend sections 4503.181 and 4511.68 of the Revised Code to allow certain motor-driven cycles and motor scooters to be parked on a sidewalk so long as the vehicles do not impede the normal flow of pedestrian traffic, and to revise the purposes for which a historical vehicle may be operated.

Be it enacted by the General Assembly of the State of Ohio:

SECTION 1. That sections 4503.181 and 4511.68 of the Revised Code be amended to read as follows:

Sec. 4503.181. (A) As used in this section, "historical motor vehicle" means any motor vehicle that is more than twenty-five years old and that is owned solely as a collector's item and for participation in club activities, exhibitions, tours, parades, and similar uses, ~~but in no event is~~. A historical motor vehicle shall not be used for general transportation, but may be operated on the public roads and highways to and from a location where maintenance is performed on the vehicle.

(B) In lieu of the annual license tax levied in sections 4503.02 and 4503.04 of the Revised Code, a license fee of ten dollars is levied on the operation of ~~an~~ a historical motor vehicle.

(C) A person who owns ~~an~~ a historical motor vehicle and applies for license plates under this section shall execute an affidavit that the vehicle for which plates are requested is owned and operated solely for the purposes enumerated in division (A) of this section, and also setting forth in the affidavit that the vehicle has been inspected and found safe to operate on the public roads and highways in the state. A person who owns ~~an~~ a historical motor vehicle and desires to display model year license plates on the vehicle as permitted by this section shall execute at the time of registration an affidavit setting forth that the model year license plates the person desires to display on the person's historical motor vehicle are legible and serviceable license plates that originally were issued by this state. No registration issued pursuant to this section need specify the weight of the vehicle.

(D) A vehicle registered under this section may display historical

vehicle license plates issued by the registrar of motor vehicles or model year license plates procured by the applicant. Historical vehicle license plates shall not bear a date, but shall bear the inscription "Historical Vehicle--Ohio" and the registration number, which shall be shown thereon. Model year license plates shall be legible and serviceable license plates issued by this state and inscribed with the date of the year corresponding to the model year when the vehicle was manufactured. Notwithstanding section 4503.21 of the Revised Code, only one model year license plate is required to be displayed on the rear of the historical motor vehicle at all times. The registration certificate and the historical vehicle license plates issued by the registrar shall be kept in the vehicle at all times the vehicle is operated on the public roads and highways in this state.

Notwithstanding section 4503.21 of the Revised Code, the owner of ~~an~~ a historical motor vehicle that was manufactured for military purposes and that is registered under this section may display the assigned registration number of the vehicle by painting the number on the front and rear of the vehicle. The number shall be painted, in accordance with the size and style specifications established for numerals and letters shown on license plates in section 4503.22 of the Revised Code, in a color that contrasts clearly with the color of the vehicle, and shall be legible and visible at all times. Upon application for registration under this section and payment of the license fee prescribed in division (B) of this section, the owner of such ~~an~~ a historical motor vehicle shall be issued historical vehicle license plates. The registration certificate and at least one such license plate shall be kept in the vehicle at all times the vehicle is operated on the public roads and highways in this state. If ownership of such a vehicle is transferred, the transferor shall surrender the historical vehicle license plates or transfer them to another historical motor vehicle the transferor owns, and remove or obliterate the registration numbers painted on the vehicle.

(E) Historical vehicle and model year license plates are valid without renewal as long as the vehicle for which they were issued or procured is in existence. Historical vehicle plates are issued for the owner's use only for such vehicle unless later transferred to another historical motor vehicle owned by that person. In order to effect such a transfer, the owner of the historical motor vehicle that originally displayed the historical vehicle plates shall comply with division (C) of this section. In the event of a transfer of title, the transferor shall surrender historical vehicle license plates or transfer them to another historical motor vehicle owned by the transferor, but model year license plates may be retained by the transferor. The registrar may revoke license plates issued under this section, for cause shown and after

hearing, for failure of the applicant to comply with this section. Upon revocation, historical vehicle license plates shall be surrendered; model year license plates may be retained, but no longer are valid for display on the vehicle.

(F) The owner of ~~an~~ a historical motor vehicle bearing historical vehicle license plates may replace them with model year license plates by surrendering the historical vehicle license plates and motor vehicle certificate of registration to the registrar. The owner, at the time of registration, shall execute an affidavit setting forth that the model year plates are legible and serviceable license plates that originally were issued by this state. Such an owner is required to pay the license fee prescribed by division (B) of this section, but the owner is not required to have the historical motor vehicle reinspected under division (C) of this section.

A person who owns ~~an~~ a historical motor vehicle bearing model year license plates may replace them with historical vehicle license plates by surrendering the motor vehicle certificate of registration and applying for issuance of historical vehicle license plates. Such a person is required to pay the license fee prescribed by division (B) of this section, but the person is not required to have the historical motor vehicle reinspected under division (C) of this section.

Sec. 4511.68. (A) No person shall stand or park a trackless trolley or vehicle, except when necessary to avoid conflict with other traffic or to comply with sections 4511.01 to 4511.78, 4511.99, and 4513.01 to 4513.37 of the Revised Code, or while obeying the directions of a police officer or a traffic control device, in any of the following places:

(8) Between a safety zone and the adjacent curb or within thirty feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by a traffic control device;

(9) Within fifty feet of the nearest rail of a railroad crossing;

(10) Within twenty feet of a driveway entrance to any fire station and, on the side of the street opposite the entrance to any fire station, within

seventy-five feet of the entrance when it is properly posted with signs;

(11) Alongside or opposite any street excavation or obstruction when such standing or parking would obstruct traffic;

(12) Alongside any vehicle stopped or parked at the edge or curb of a street;

(13) Upon any bridge or elevated structure upon a highway, or within a highway tunnel;

(14) At any place where signs prohibit stopping;

(15) Within one foot of another parked vehicle;

(16) On the roadway portion of a freeway, expressway, or thruway.

(B) A person shall be permitted, without charge or restriction, to stand or park on a sidewalk a motor-driven cycle or motor scooter that has an engine not larger than one hundred and fifty cubic centimeters, or a bicycle, provided that the motor-driven cycle, motor scooter, or bicycle does not impede the normal flow of pedestrian traffic. This division does not authorize any person to operate a vehicle in violation of section 4511.711 of the Revised Code.

(C) Except as otherwise provided in this division, whoever violates division (A) of this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.
