As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) A departure from, or failure to conform to, minimal standards of care of similar physician assistants under the same or similar circumstances, regardless of whether actual injury to a patient is established;

(22) Failure to cooperate in an investigation conducted by the board under section 4730.26 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(23) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(24) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(25) Failure to comply with section 4730.53 of the Revised Code, unless the board no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(26) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(29) Failure to comply with terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may

enter into a consent agreement with a physician assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(F) For purposes of this division, any individual who holds a license issued under this chapter, or applies for a license issued under this chapter, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(4) of this section, the board, upon a showing of a possible violation, shall refer any individual who holds, or has applied for, a license issued under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel any ~~the individual who holds a license issued under this chapter or who has applied for a license pursuant to this chapter~~ to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the

responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a physician assistant unable to practice because of the reasons set forth in division (B)(4) of this section, the board shall require the physician assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(5) of this section, if the board has reason to believe that any individual who holds a license issued under this chapter or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the physician assistant shall demonstrate to the board the ability to resume practice or prescribing in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired physician assistant resumes practice or prescribing, the board shall require continued monitoring of the physician assistant. The monitoring shall include compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the physician assistant has maintained sobriety.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that a physician assistant has violated division (B) of this section and that the individual's continued practice or prescribing presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the physician assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the physician assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in

effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the individual's license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions identified under division (B) of this section.

(I) The license to practice issued to a physician assistant and the physician assistant's practice in this state are automatically suspended as of the date the physician assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another state for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with

section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the physician assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue to an applicant a license to practice as a physician assistant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold the license and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4730.14 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(N) The board shall not refuse to issue a license to an applicant because of a conviction, plea of guilty, judicial finding of guilt, judicial finding of eligibility for intervention in lieu of conviction, or the commission of an act that constitutes a criminal offense, unless the refusal is in accordance with section 9.79 of the Revised Code.

Sec. 4730.32. (A) Within sixty days after the imposition of any formal disciplinary action taken by a health care facility against any individual holding a valid license to practice as a physician assistant issued under this chapter, the chief administrator or executive officer of the facility shall

report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. Upon request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against a physician assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, a physician assistant, professional association or society of physician assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information upon which the belief is based.

(2) A physician assistant, professional association or society of physician assistants, physician, or professional association or society of physicians that believes that a violation of division ~~(B)(5)~~(B)(4) or (5) of section 4730.25 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the confidential monitoring program established ~~by the board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of physician assistants that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing or nonfiling of a report with the board, investigation by the board, or any disciplinary action taken by the board, shall not preclude a

professional organization from taking disciplinary action against a physician assistant.

(D) Any insurer providing professional liability insurance to any person holding a valid license to practice as a physician assistant issued under this chapter or any other entity that seeks to indemnify the professional liability of a physician assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

- (1) The name and address of the person submitting the notification;
- (2) The name and address of the insured who is the subject of the claim;
- (3) The name of the person filing the written claim;
- (4) The date of final disposition;
- (5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the physician assistant.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a physician assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against a physician assistant or supervising physician, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing a physician assistant or supervising physician or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the physician assistant. The physician assistant shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired physician assistant to a treatment provider approved ~~by the board~~ under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of physician assistants that sponsors a committee or program to provide peer assistance to a physician assistant with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a physician assistant to a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code for examination or treatment.

Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to grant a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate if the individual applying for or holding the license or certificate is found by the board to have committed fraud during the administration of the examination for a license or certificate to practice or to have committed fraud, misrepresentation, or deception in applying for, renewing, or securing any license or certificate to practice or certificate to recommend issued by the board.

(B) Except as provided in division (P) of this section, the board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to issue a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate for one or more of the following reasons:

(1) Permitting one's name or one's license or certificate to practice to be

used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease;

(3) Except as provided in section 4731.97 of the Revised Code, selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(4) Willfully betraying a professional confidence.

For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports under sections 307.621 to 307.629 of the Revised Code to a child fatality review board; does not include providing any information, documents, or reports under sections 307.631 to 307.6410 of the Revised Code to a drug overdose fatality review committee, a suicide fatality review committee, or hybrid drug overdose fatality and suicide fatality review committee; does not include providing any information, documents, or reports under sections 307.651 to 307.659 of the Revised Code to a domestic violence fatality review board; does not include providing any information, documents, or reports to the director of health pursuant to guidelines established under section 3701.70 of the Revised Code; does not include written notice to a mental health professional under section 4731.62 of the Revised Code; and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to

secure any license or certificate to practice issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any

provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, shall refer any individual who is authorized to practice by this chapter or who has submitted an application pursuant to this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel any the individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by

physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or certificate. For the purpose of this division, any individual who applies for or receives a license or certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the director of health pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order

of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of ~~habitual~~ substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for licensure or certification to practice suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the

board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure or certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(35) Failure to supervise an acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for providing that supervision;

(54) Failure to take the steps specified in section 4731.911 of the Revised Code following an abortion or attempted abortion in an ambulatory surgical facility or other location that is not a hospital when a child is born alive.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or

certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, expunge, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, or in conducting an inspection under division (E) of section 4731.054 of the Revised Code, the board may question witnesses,

conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee or agent designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the

Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

- (a) The case number assigned to the complaint or alleged violation;
- (b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;
- (c) A description of the allegations contained in the complaint;
- (d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the

Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or certificate to practice or certificate to recommend without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's license or certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question.

Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code. In addition, the license or certificate to practice or certificate to recommend issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the

notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a license or certificate to practice to an applicant, revokes an individual's license or certificate to practice, refuses to renew an individual's license or certificate to practice, or refuses to reinstate an individual's license or certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or certificate to practice and the board shall not accept an application for reinstatement of the license or certificate or for issuance of a new license or certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or certificate issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or certificate to practice. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or certificate to practice in accordance with this chapter or a certificate to recommend in accordance with rules adopted under section 4731.301 of the Revised Code shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or certificate holder shall

immediately surrender to the board a license or certificate that the board has suspended, revoked, or permanently revoked.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

(1) Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

(2) Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

(3) Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

(P) The board shall not refuse to issue a license to an applicant because

of a conviction, plea of guilty, judicial finding of guilt, judicial finding of eligibility for intervention in lieu of conviction, or the commission of an act that constitutes a criminal offense, unless the refusal is in accordance with section 9.79 of the Revised Code.

Sec. 4731.224. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical center, or similar facility, against any individual holding a valid license or certificate to practice issued pursuant to this chapter, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. Upon request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility. As used in this division, "formal disciplinary action" means any action resulting in the revocation, restriction, reduction, or termination of clinical privileges for violations of professional ethics, or for reasons of medical incompetence or medical malpractice. "Formal disciplinary action" includes a summary action, an action that takes effect notwithstanding any appeal rights that may exist, and an action that results in an individual surrendering clinical privileges while under investigation and during proceedings regarding the action being taken or in return for not being investigated or having proceedings held. "Formal disciplinary action" does not include any action taken for the sole reason of failure to maintain records on a timely basis or failure to attend staff or section meetings.

The filing or nonfiling of a report with the board, investigation by the board, or any disciplinary action taken by the board, shall not preclude any action by a health care facility to suspend, restrict, or revoke the individual's clinical privileges.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, if any individual authorized to practice under this chapter or any professional association or society of such individuals believes that a violation of any provision of this chapter, Chapter 4730., 4759., 4760., 4761., 4762., 4774., or 4778. of the Revised Code, or any rule of the board has occurred, the individual, association, or society shall report to the board the information

upon which the belief is based.

(2) If any individual authorized to practice under this chapter or any professional association or society of such individuals believes that a violation of division ~~(B)(26)~~(B)(19) or (26) of section 4731.22 of the Revised Code has occurred, the individual, association, or society shall report the information upon which the belief is based to the monitoring organization conducting the confidential monitoring program established ~~by the board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of doctors of medicine and surgery, doctors of osteopathic medicine and surgery, doctors of podiatric medicine and surgery, or practitioners of limited branches of medicine that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an individual.

(D) Any insurer providing professional liability insurance to an individual authorized to practice under this chapter, or any other entity that seeks to indemnify the professional liability of such an individual, shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

- (1) The name and address of the person submitting the notification;
- (2) The name and address of the insured who is the subject of the claim;
- (3) The name of the person filing the written claim;
- (4) The date of final disposition;
- (5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the

rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for medical malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the practicing individual.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a health care professional or facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against an individual whose practice is regulated under this chapter, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing the individual or in reviewing the individual's clinical privileges. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the individual who is the subject of the reports or summaries. The individual shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that, pursuant to this section, reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired practitioner to a treatment provider approved by the board under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(20) Representing with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured.

(C) Any action taken by the board under division (A) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or permit may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or permit suspended pursuant to division (A) of this section requires an affirmative vote of not fewer than six members of the board.

(D) When the board refuses to grant or issue a license or permit to an applicant, revokes an individual's license or permit, refuses to renew an individual's license or permit, or refuses to reinstate an individual's license or permit, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or permit and the board shall not accept an application for reinstatement of the license or permit or for issuance of a new license or permit.

(E) Disciplinary actions taken by the board under division (A) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(F) In enforcing division (A)(14) of this section, the board, upon a

showing of a possible violation, shall refer any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel ~~any the individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter~~ to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in division (A)(14) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or permit. For the purpose of division (A)(14) of this section, any individual who applies for or receives a license or permit under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(G) For the purposes of division (A)(18) of this section, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or permit under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for a license or permit suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section

4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or permit or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license or permit, to submit to treatment.

Before being eligible to apply for reinstatement of a license or permit suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or permit. The demonstration shall include, but shall not be limited to, the following:

- (1) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;
- (2) Evidence of continuing full compliance with an aftercare contract or consent agreement;
- (3) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or permit suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the

board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or permit without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (A) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or permit without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(I) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) of this section.

(J) For purposes of divisions (A)(5), (7), and (9) of this section, the commission of the act may be established by a finding by the board,

pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(K) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(L) If the board takes action under division (A)(4), (6), or (8) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition for reconsideration and supporting court documents, the board shall reinstate the individual's license or permit. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (A) of this section.

(M) The license or permit issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or permit.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or permit is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license or permit.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or permit issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or permit surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or permit made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or permit in accordance with this chapter shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or permit holder shall immediately surrender to the board a license or permit that the board has suspended, revoked, or permanently revoked.

Sec. 4759.13. A dietitian, professional association or society of dietitians, physician, or professional association or society of physicians that believes a violation of division ~~(A)(18)(A)(14) or (18)~~ of section 4759.07 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the confidential monitoring program established ~~by the state medical board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the state medical board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired dietitian to a treatment provider approved ~~by the board~~ under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

In the absence of fraud or bad faith, a professional association or society of dietitians that sponsors a committee or program to provide peer assistance to a dietitian with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a dietitian to a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code for examination or treatment.

Sec. 4760.13. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as an anesthesiologist assistant to ~~a person~~, or may revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as an anesthesiologist assistant, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of ~~habitual~~ substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;
- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as an anesthesiologist

assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of anesthesiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice;

(19) Failure to use universal blood and body fluid precautions

established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4760.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to comply with any code of ethics established by the national commission for the certification of anesthesiologist assistants;

(22) Failure to notify the state medical board of the revocation or failure to maintain certification from the national commission for certification of anesthesiologist assistants.

(C) The board shall not refuse to issue a certificate to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an anesthesiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of

this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice issued under this chapter, or applies for a license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, shall refer any individual who holds, or has applied for, a license issued under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel any the individual who holds a license to practice issued under this chapter or who has applied for a license to practice pursuant to this chapter to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an anesthesiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the anesthesiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice issued under this chapter or any applicant for a license to practice suffers such impairment, the board shall report the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the

individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the anesthesiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired anesthesiologist assistant resumes practice, the board shall require continued monitoring of the anesthesiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the

anesthesiologist assistant has maintained sobriety.

(H) If the secretary and supervising member determine that there is clear and convincing evidence that an anesthesiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the anesthesiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the anesthesiologist assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any

of the sanctions specified in division (B) of this section.

(J) The license to practice of an anesthesiologist assistant and the assistant's practice in this state are automatically suspended as of the date the anesthesiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the anesthesiologist assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as an anesthesiologist assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as an anesthesiologist

assistant and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4760.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4760.16. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical facility, or similar facility, against any individual holding a valid license to practice as an anesthesiologist assistant, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. On request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against an anesthesiologist assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, an anesthesiologist assistant, professional association or society of anesthesiologist assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information on which the belief is based.

(2) An anesthesiologist assistant, professional association or society of

anesthesiologist assistants, physician, or professional association or society of physicians that believes that a violation of division ~~(B)(6)~~(B)(5) or (6) of section 4760.13 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the confidential monitoring program established ~~by the board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of anesthesiologist assistants that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an anesthesiologist assistant.

(D) Any insurer providing professional liability insurance to any person holding a valid license to practice as an anesthesiologist assistant or any other entity that seeks to indemnify the professional liability of an anesthesiologist assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

- (1) The name and address of the person submitting the notification;
- (2) The name and address of the insured who is the subject of the claim;
- (3) The name of the person filing the written claim;
- (4) The date of final disposition;
- (5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for

malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the anesthesiologist assistant.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving an anesthesiologist assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against an anesthesiologist assistant or supervising physician, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing an anesthesiologist assistant or supervising physician or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the anesthesiologist assistant. The anesthesiologist assistant shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired anesthesiologist assistant to a treatment provider approved ~~by the board~~ under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of anesthesiologist assistants that sponsors a committee or program to provide peer assistance to an anesthesiologist assistant with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions

taken to refer an anesthesiologist assistant to a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code for examination or treatment.

Sec. 4761.09. (A) The state medical board, by an affirmative vote of not fewer than six members, shall, except as provided in division (B) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license or limited permit, refuse to issue a license or limited permit to an individual, refuse to renew a license or limited permit, refuse to reinstate a license or limited permit, or reprimand or place on probation the holder of a license or limited permit for one or more of the following reasons:

(8) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of respiratory care; or in securing or attempting to secure any license or permit issued by the board under this chapter.

As used in division (A)(8) of this section, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications

that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Committing fraud during the administration of the examination for a license to practice or committing fraud, misrepresentation, or deception in applying for, renewing, or securing any license or permit issued by the board;

(10) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(19) Failure to cooperate in an investigation conducted by the board under division (E) of section 4761.03 of the Revised Code, including failure

to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(23) Assisting suicide as defined in section 3795.01 of the Revised Code;

(24) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured.

Disciplinary actions taken by the board under division (A) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(B) The board shall not refuse to issue a license or limited permit to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(C) Any action taken by the board under division (A) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or permit may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or permit suspended pursuant to division (A) of this section requires an affirmative vote of not fewer than six members of the board.

(D) When the board refuses to grant or issue a license or permit to an applicant, revokes an individual's license or permit, refuses to renew an individual's license or permit, or refuses to reinstate an individual's license or permit, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or permit and the board shall not accept an application for reinstatement of the license or permit or for issuance of a new license or permit.

(E) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) of this section.

(F) In enforcing division (A)(14) of this section, the board, upon a showing of a possible violation, shall refer any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. ~~The board also may compel any the individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter~~ to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in division (A)(14) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or

designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or permit. For the purpose of division (A)(14) of this section, any individual who applies for or receives a license or permit to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(G) For the purposes of division (A)(18) of this section, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or permit under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for a license or permit suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or permit or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license or permit, to submit to treatment.

Before being eligible to apply for reinstatement of a license or permit suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or permit. The demonstration shall include, but shall not be limited to, the following:

(1) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(2) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(3) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or permit suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or permit without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (A) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or permit without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or

in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(I) For purposes of divisions (A)(2), (4), and (6) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(J) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(K) If the board takes action under division (A)(1), (3), or (5) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition for reconsideration and supporting court documents, the board shall reinstate the individual's license or permit. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question.

Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (A) of this section.

(L) The license or permit issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or permit.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or permit is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license or permit.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or permit issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or permit surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or permit made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or permit in accordance with this chapter shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or permit holder shall immediately surrender to the board a license or permit that the board has suspended, revoked, or permanently revoked.

Sec. 4761.19. A respiratory care professional, professional association

or society of respiratory care professionals, physician, or professional association or society of physicians that believes a violation of division ~~(A)(18)~~(A)(14) or (18) of section 4761.09 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the confidential monitoring program established ~~by the state medical board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the state medical board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired respiratory care professional to a treatment provider approved ~~by the board~~ under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

In the absence of fraud or bad faith, a professional association or society of respiratory care professionals that sponsors a committee or program to provide peer assistance to a respiratory care professional with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a respiratory care professional to a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code for examination or treatment.

Sec. 4762.13. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist to ~~a person~~ or may revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter

4731. of the Revised Code, or any rules adopted by the board;

(3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;

(4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;

(5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(6) Impairment of ability to practice according to acceptable and prevailing standards of care because of ~~habitual~~ substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;

(7) Willfully betraying a professional confidence;

(8) Making a false, fraudulent, deceptive, or misleading statement in soliciting or advertising for patients or in securing or attempting to secure a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(14) A plea of guilty to, a judicial finding of guilt of, or a judicial

finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(15) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(17) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(18) Any of the following actions taken by the state agency responsible for regulating the practice of oriental medicine or acupuncture in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) Violation of the conditions placed by the board on a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist;

(20) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(21) Failure to cooperate in an investigation conducted by the board under section 4762.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(22) Failure to comply with the standards of the national certification commission for acupuncture and oriental medicine regarding professional ethics, commitment to patients, commitment to the profession, and commitment to the public;

(23) Failure to have adequate professional liability insurance coverage in accordance with section 4762.22 of the Revised Code;

(24) Failure to maintain a current and active designation as a diplomate in oriental medicine, diplomate of acupuncture and Chinese herbology, or

diplomate in acupuncture, as applicable, from the national certification commission for acupuncture and oriental medicine, including revocation by the commission of the individual's designation, failure by the individual to meet the commission's requirements for redesignation, or failure to notify the board that the appropriate designation has not been maintained.

(C) The board shall not refuse to issue a certificate to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an oriental medicine practitioner or acupuncturist or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or entered into a consent agreement prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice issued under this chapter, or applies for a license to practice, shall

be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, upon a showing of a possible violation, shall refer any individual who holds, or has applied for, a license under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel ~~any the individual who holds a license to practice issued under this chapter or who has applied for a license pursuant to this chapter~~ to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an oriental medicine practitioner or acupuncturist unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice issued under this chapter or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control,

and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the oriental medicine practitioner or acupuncturist shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired individual resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the individual has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license to practice without a prior hearing:

(1) That there is clear and convincing evidence that an oriental medicine practitioner or acupuncturist has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the oriental medicine practitioner or acupuncturist requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the hearing is requested, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of an oriental medicine practitioner or acupuncturist and the practitioner's or acupuncturist's practice in this state are automatically suspended as of the date the practitioner or acupuncturist pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction

for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist issued under this chapter is not effective unless or until accepted by the board. Reinstatement

of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4762.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4762.16. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical center, or similar facility, against any individual holding a valid license to practice as an oriental medicine practitioner or valid license to practice as an acupuncturist, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. Upon request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against an oriental medicine practitioner or acupuncturist.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, an oriental medicine practitioner or acupuncturist, professional association or society of oriental medicine practitioners or acupuncturists, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information upon which the belief is based.

(2) An oriental medicine practitioner or acupuncturist, professional association or society of oriental medicine practitioners or acupuncturists, physician, or professional association or society of physicians that believes a violation of division ~~(B)(6)~~ (B)(5) or (6) of section 4762.13 of the Revised Code has occurred shall report the information upon which the belief is

based to the monitoring organization conducting the confidential monitoring program established ~~by the board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of oriental medicine practitioners or acupuncturists that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an individual.

(D) Any insurer providing professional liability insurance to any person holding a valid license to practice as an oriental medicine practitioner or valid license to practice as an acupuncturist or any other entity that seeks to indemnify the professional liability of an oriental medicine practitioner or acupuncturist shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

- (1) The name and address of the person submitting the notification;
- (2) The name and address of the insured who is the subject of the claim;
- (3) The name of the person filing the written claim;
- (4) The date of final disposition;
- (5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the oriental medicine

practitioner or acupuncturist.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving an oriental medicine practitioner, acupuncturist, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against an oriental medicine practitioner, acupuncturist, or supervising physician, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing an oriental medicine practitioner, acupuncturist, or supervising physician or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the acupuncturist. The oriental medicine practitioner or acupuncturist shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired oriental medicine practitioner or impaired acupuncturist to a treatment provider approved by the board under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of oriental medicine practitioners or acupuncturists that sponsors a committee or program to provide peer assistance to an oriental medicine practitioner or acupuncturist with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer an

oriental medicine practitioner or acupuncturist to a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code for examination or treatment.

Sec. 4774.13. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as a radiologist assistant to, or may revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a radiologist assistant, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of ~~habitual~~ substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;
- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a radiologist assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable

probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of radiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice as a radiologist assistant;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4774.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute

grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to maintain a license as a radiographer under Chapter 4773. of the Revised Code;

(22) Failure to maintain certification as a registered radiologist assistant from the American registry of radiologic technologists, including revocation by the registry of the assistant's certification or failure by the assistant to meet the registry's requirements for annual registration, or failure to notify the board that the certification as a registered radiologist assistant has not been maintained;

(23) Failure to comply with any of the rules of ethics included in the standards of ethics established by the American registry of radiologic technologists, as those rules apply to an individual who holds the registry's certification as a registered radiologist assistant.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a radiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this

section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice as a radiologist assistant issued under this chapter, or applies for a license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, shall refer any individual who holds, or has applied for, a license to practice as a radiologist assistant issued under this chapter to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. ~~The board also may compel any the individual who holds a license to practice as a radiologist assistant issued under this chapter or who has applied for a license~~ to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a radiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the radiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a radiologist assistant issued under this chapter or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program

established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and ~~chosen by the board~~ approved under section 4731.251 of the Revised Code.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the radiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired radiologist assistant resumes practice, the board shall require continued monitoring of the radiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress

reports made under penalty of falsification stating whether the radiologist assistant has maintained sobriety.

(H) If the secretary and supervising member determine that there is clear and convincing evidence that a radiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license to practice without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the radiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the radiologist assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a radiologist assistant. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is

requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of a radiologist assistant and the assistant's practice in this state are automatically suspended as of the date the radiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the radiologist assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a radiologist assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a radiologist assistant and the board

shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a radiologist assistant issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4774.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4774.16. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical facility, or similar facility, against any individual holding a valid license to practice as a radiologist assistant, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. On request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against a radiologist assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, a radiologist assistant, professional association or society of radiologist assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information on which the belief is based.

(2) A radiologist assistant, professional association or society of

radiologist assistants, physician, or professional association or society of physicians that believes a violation of division ~~(B)(6)~~(B)(5) or (6) of section 4774.13 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the confidential monitoring program established ~~by the board~~ under section ~~4731.251~~ 4731.25 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of radiologist assistants that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against a radiologist assistant.

(D) Any insurer providing professional liability insurance to any person holding a valid license to practice as a radiologist assistant or any other entity that seeks to indemnify the professional liability of a radiologist assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

- (1) The name and address of the person submitting the notification;
- (2) The name and address of the insured who is the subject of the claim;
- (3) The name of the person filing the written claim;
- (4) The date of final disposition;
- (5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a

judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the radiologist assistant.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a radiologist assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against a radiologist assistant or supervising radiologist, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing a radiologist assistant or supervising radiologist or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the radiologist assistant. The radiologist assistant shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, or refers an impaired radiologist assistant to a treatment provider approved ~~by the board~~ under section ~~4731.25~~ 4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of radiologist assistants that sponsors a committee or program to provide peer assistance to a radiologist assistant with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~ 4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a radiologist assistant to a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code for examination or treatment.

Sec. 4778.14. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as a genetic counselor to, or revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a genetic counselor, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;

- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of ~~habitual~~ substance use disorder or excessive use or abuse of drugs, alcohol, or other substances that may impair ability to practice;
- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a genetic counselor.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

- (9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(18) Violation of the conditions placed by the board on a license to practice as a genetic counselor;

(19) Failure to cooperate in an investigation conducted by the board under section 4778.18 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(20) Failure to maintain the individual's status as a certified genetic counselor;

(21) Failure to comply with the code of ethics established by the national society of genetic counselors.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a genetic counselor or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or took other formal action under Chapter 119. of the Revised Code prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to

practice as a genetic counselor, or applies for a license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, shall refer any individual who holds, or has applied for, a license to practice as a genetic counselor to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel ~~any the individual who holds a license to practice as a genetic counselor or who has applied for a license to practice as a genetic counselor~~ to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a genetic counselor unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the genetic counselor to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a genetic counselor or any applicant for a license suffers such impairment, the board shall refer the individual to the monitoring organization that conducts the confidential monitoring program established under section 4731.25 of the Revised Code. The board also may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and ~~chosen by the board approved under section 4731.251 of the Revised Code.~~

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual

unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the genetic counselor shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section ~~4731.25~~ 4731.251 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired genetic counselor resumes practice, the board shall require continued monitoring of the genetic counselor. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the genetic counselor has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license to practice without a prior hearing:

(1) That there is clear and convincing evidence that a genetic counselor has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the genetic counselor requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the genetic counselor requests the hearing, unless otherwise agreed to by both the board and the genetic counselor.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a genetic counselor. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice as a genetic counselor and the counselor's practice in this state are automatically suspended as of the date the genetic counselor pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or

a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the license of the genetic counselor may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a genetic counselor to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a genetic counselor and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a genetic counselor is not effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a

license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4778.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4778.17. A genetic counselor, professional association or society of genetic counselors, physician, or professional association or society of physicians that believes a violation of division ~~(B)(6)~~(B)(5) or (6) of section 4778.14 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the program established ~~by the state medical board~~ under section ~~4731.251~~4731.25 of the Revised Code. If any such report is made to the state medical board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

An individual or entity that reports to the board, reports to the monitoring organization described in section ~~4731.251~~4731.25 of the Revised Code, or refers an impaired genetic counselor to a treatment provider approved ~~by the board~~ under section ~~4731.25~~4731.251 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

In the absence of fraud or bad faith, a professional association or society of genetic counselors that sponsors a committee or program to provide peer assistance to a genetic counselor with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section ~~4731.251~~4731.25 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a genetic counselor to a treatment provider approved under section ~~4731.25~~4731.251 of the Revised Code for examination or treatment.

SECTION 130.81. That existing sections 3701.89, 4730.25, 4730.32, 4731.22, 4731.224, 4731.252, 4731.253, 4731.254, 4759.07, 4759.13, 4760.13, 4760.16, 4761.09, 4761.19, 4762.13, 4762.16, 4774.13, 4774.16, 4778.14, and 4778.17 of the Revised Code are hereby repealed.

SECTION 130.82. That sections 4731.25 and 4731.251 of the Revised Code are hereby repealed.

SECTION 130.83. Section 4731.22 of the Revised Code is presented in this act as a composite of the section as amended by both H.B. 254 and S.B. 288 of the 134th General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.

SECTION 130.90. That sections 4730.14, 4730.25, 4730.28, 4731.22, 4731.222, 4731.282, 4759.06, 4759.063, 4759.07, 4760.061, 4760.13, 4761.06, 4761.061, 4761.09, 4762.061, 4762.13, 4774.061, 4774.13, 4778.06, 4778.071, and 4778.14 be amended and sections 4730.141, 4731.283, 4759.064, 4760.062, 4761.062, 4762.062, 4774.062, and 4778.072 of the Revised Code be enacted to read as follows:

Sec. 4730.14. (A) A license to practice as a physician assistant shall be valid for a two-year period unless revoked or suspended, shall expire on the date that is two years after the date of issuance, and may be renewed for additional two-year periods in accordance with this section. A person seeking to renew a license shall apply to the state medical board for renewal prior to the license's expiration date. The board shall provide renewal notices to license holders at least one month prior to the expiration date.

Applications shall be submitted to the board in a manner prescribed by the board. Each application shall be accompanied by a biennial renewal fee of two hundred dollars. The board shall deposit the fees in accordance with section 4731.24 of the Revised Code.

The applicant shall report any criminal offense that constitutes grounds for refusing to issue a license to practice under section 4730.25 of the Revised Code to which the applicant has pleaded guilty, of which the applicant has been found guilty, or for which the applicant has been found eligible for intervention in lieu of conviction, since last signing an application for a license to practice as a physician assistant.

(B) To be eligible for renewal of a license, an applicant is subject to all of the following:

(1) The applicant must certify to the board that the applicant has

maintained certification by the national commission on certification of physician assistants or a successor organization that is recognized by the board by meeting the standards to hold current certification from the commission or its successor, including passing periodic recertification examinations;

(2) Except as provided in section 5903.12 of the Revised Code, the applicant must certify to the board that the applicant is in compliance with the continuing medical education requirements necessary to hold current certification from the commission or its successor.

(3) The applicant must comply with the renewal eligibility requirements established under section 4730.49 of the Revised Code that pertain to the applicant.

(C) If an applicant submits a complete renewal application and qualifies for renewal pursuant to division (B) of this section, the board shall issue to the applicant a renewed license to practice as a physician assistant.

(D) The board may require a random sample of physician assistants to submit materials documenting both of the following:

(1) Certification by the national commission on certification of physician assistants or a successor organization that is recognized by the board;

(2) Completion of the continuing medical education required to hold current certification from the commission or its successor.

Division (D) of this section does not limit the board's authority to conduct investigations pursuant to section 4730.25 of the Revised Code.

(E) A license to practice that is not renewed on or before its expiration date is automatically suspended on its expiration date. Continued practice after suspension of the license shall be considered as practicing in violation of division (A) of section 4730.02 of the Revised Code.

(F) If a license has been suspended pursuant to division (E) of this section for two years or less, it may be reinstated. The board shall reinstate a license suspended for failure to renew upon an applicant's submission of a renewal application, the biennial renewal fee, and any applicable monetary penalty.

If a license has been suspended pursuant to division (E) of this section for more than two years, it may be restored. In accordance with section 4730.28 of the Revised Code, the board may restore a license suspended for failure to renew upon an applicant's submission of a restoration application, the biennial renewal fee, and any applicable monetary penalty and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore to an applicant a license to practice as a physician

assistant unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a license issued pursuant to section 4730.12 of the Revised Code.

The penalty for reinstatement shall be fifty dollars and the penalty for restoration shall be one hundred dollars. The board shall deposit penalties in accordance with section 4731.24 of the Revised Code.

(G)(1) If, through a random sample conducted under division (D) of this section or through any other means, the board finds that an individual who certified completion of the continuing medical education required to renew, reinstate, ~~or restore~~, or reactivate a license to practice did not complete the requisite continuing medical education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4730.25 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to complete the continuing medical education and pay a civil penalty.

(2) The board's finding in any disciplinary action taken under division (G)(1)(a) of this section shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six of its members.

(3) A civil penalty imposed under division (G)(1)(a) of this section or paid under division (G)(1)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

Sec. 4730.141. (A) An individual who holds a current, valid license issued under this chapter to practice as a physician assistant and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

(1) The applicant's full name, license number, mailing address, and electronic mail address;

(2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(a) That the applicant holds a current, valid license issued under this chapter;

(b) That the applicant has retired voluntarily from practice as a

physician assistant;

(c) That the applicant does not hold an active registration with the federal drug enforcement administration;

(d) That the applicant does not have any criminal charges pending against the applicant;

(e) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(f) That the applicant does not have any complaints pending with the board;

(g) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4730.14 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as a physician assistant under any circumstance.

(2) The license holder is not required to complete the continuing education described in sections 4730.14 and 4730.49 of the Revised Code.

(3) The license holder is prohibited from using the license to obtain a license to practice as a physician assistant in another state, whether by endorsement or reciprocity or through a licensure compact.

(4) The license holder may use a title authorized for the holder's license, but only if "retired" also is included in the title.

(5) In the case of a license holder who was issued a prescriber number by the board as part of the holder's physician-delegated prescriptive authority, the number, like the license, is placed on retired status.

(E) If a license has been placed on retired status pursuant to this section,

it may be reactivated. Subject to section 4730.28 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) The applicant certifies completion of, within the two-year period that ends on the date of the application's submission, the continuing education requirements that must be met for renewal of a license.

(3) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(4) The applicant pays a reactivation fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4730.14 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as a physician assistant in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4730.25 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4730.25. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as a physician assistant to ~~a person~~, or may revoke the license held

by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) Except as provided in division (N) of this section, the board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a physician assistant or prescriber number, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(19) A departure from, or failure to conform to, minimal standards of care of similar physician assistants under the same or similar circumstances, regardless of whether actual injury to a patient is established;

(20) Violation of the conditions placed by the board on a license to practice as a physician assistant;

(21) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(22) Failure to cooperate in an investigation conducted by the board

under section 4730.26 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(23) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(24) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(29) Failure to comply with terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a physician assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the

applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(F) For purposes of this division, any individual who holds a license issued under this chapter, or applies for a license issued under this chapter, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(4) of this section, the board, upon a showing of a possible violation, may compel any individual who holds a license issued under this chapter or who has applied for a license pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a physician assistant unable to practice because of the reasons set forth in division (B)(4) of this section, the board shall require the physician assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(5) of this section, if the board has reason to believe that any individual who holds a license issued under this chapter or any applicant for a license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the physician assistant shall demonstrate to the board the ability to resume practice or prescribing in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired physician assistant resumes practice or prescribing, the board shall require continued monitoring of the physician assistant. The monitoring shall include compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission

to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the physician assistant has maintained sobriety.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that a physician assistant has violated division (B) of this section and that the individual's continued practice or prescribing presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the physician assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the physician assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the individual's license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board

finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions identified under division (B) of this section.

(I) The license to practice issued to a physician assistant and the physician assistant's practice in this state are automatically suspended as of the date the physician assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another state for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the physician assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue to an applicant a license to practice as a physician assistant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a

permanent action taken by the board is forever thereafter ineligible to hold the license and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4730.14 of the Revised Code ~~shall~~ does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4730.141 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

(N) The board shall not refuse to issue a license to an applicant because of a conviction, plea of guilty, judicial finding of guilt, judicial finding of eligibility for intervention in lieu of conviction, or the commission of an act that constitutes a criminal offense, unless the refusal is in accordance with section 9.79 of the Revised Code.

Sec. 4730.28. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as a physician assistant as either of the following:

(a) An active practitioner;

(b) A student in a program as described in division (B) or (C) of section 4730.11 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license to an applicant subject to this section, or before restoring a license to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension ~~or~~, inactivity, or retirement. The board shall not issue ~~or~~, restore, or reactivate a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to grant a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate if the individual applying for or holding the license or certificate is found by the board to have committed fraud during the administration of the examination for a license or certificate to practice or to have committed fraud, misrepresentation, or deception in applying for, renewing, or securing any license or certificate to practice or certificate to recommend issued by the board.

(B) Except as provided in division (P) of this section, the board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to issue a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate for one or more of the following reasons:

(1) Permitting one's name or one's license or certificate to practice to be

used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease;

(3) Except as provided in section 4731.97 of the Revised Code, selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(4) Willfully betraying a professional confidence.

For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports under sections 307.621 to 307.629 of the Revised Code to a child fatality review board; does not include providing any information, documents, or reports under sections 307.631 to 307.6410 of the Revised Code to a drug overdose fatality review committee, a suicide fatality review committee, or hybrid drug overdose fatality and suicide fatality review committee; does not include providing any information, documents, or reports under sections 307.651 to 307.659 of the Revised Code to a domestic violence fatality review board; does not include providing any information, documents, or reports to the director of health pursuant to guidelines established under section 3701.70 of the Revised Code; does not include written notice to a mental health professional under section 4731.62 of the Revised Code; and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to

secure any license or certificate to practice issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any

provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and

prevailing standards under the provisions of the individual's license or certificate. For the purpose of this division, any individual who applies for or receives a license or certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the director of health pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section

2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for licensure or certification to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure or certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;

(28) Except as provided in division (N) of this section:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for providing that supervision;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the board's rules for supervision of an anesthesiologist assistant;

(43) Failure to comply with the requirements of section 4729.79 or 4731.055 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(44) Failure to comply with the requirements of section 2919.171, 2919.202, or 2919.203 of the Revised Code or failure to submit to the department of health in accordance with a court order a complete report as described in section 2919.171 or 2919.202 of the Revised Code;

(45) Practicing at a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the person operating the facility has obtained and maintains the license with the classification;

(46) Owning a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the facility is licensed with the classification;

(47) Failure to comply with any of the requirements regarding making or maintaining medical records or documents described in division (A) of section 2919.192, division (C) of section 2919.193, division (B) of section 2919.195, or division (A) of section 2919.196 of the Revised Code;

(53) Failure to fulfill the responsibilities of a collaboration agreement entered into with an athletic trainer as described in section 4755.621 of the Revised Code;

(54) Failure to take the steps specified in section 4731.911 of the Revised Code following an abortion or attempted abortion in an ambulatory surgical facility or other location that is not a hospital when a child is born alive.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's

favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, expunge, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, or in conducting an inspection under division (E) of section 4731.054 of the Revised Code, the board may question witnesses, conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record information, the

secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee or agent designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not

required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

- (a) The case number assigned to the complaint or alleged violation;
- (b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;
- (c) A description of the allegations contained in the complaint;
- (d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or certificate to practice or certificate to recommend without a prior hearing:

- (1) That there is clear and convincing evidence that an individual has violated division (B) of this section;
- (2) That the individual's continued practice presents a danger of

immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's license or certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of

guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code. In addition, the license or certificate to practice or certificate to recommend issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 or 2919.124 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written

statement of the conditions under which the individual's license or certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a license or certificate to practice to an applicant, revokes an individual's license or certificate to practice, refuses to renew an individual's license or certificate to practice, or refuses to reinstate an individual's license or certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or certificate to practice and the board shall not accept an application for reinstatement of the license or certificate or for issuance of a new license or certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or certificate issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or certificate to practice. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or certificate to practice in accordance with this chapter or a certificate to recommend in accordance with rules adopted under section 4731.301 of the Revised Code ~~shall~~ does not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4731.283 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

(5) At the request of the board, a license or certificate holder shall immediately surrender to the board a license or certificate that the board has suspended, revoked, or permanently revoked.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as

follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

(1) Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

(2) Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

(3) Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

(P) The board shall not refuse to issue a license to an applicant because of a conviction, plea of guilty, judicial finding of guilt, judicial finding of eligibility for intervention in lieu of conviction, or the commission of an act that constitutes a criminal offense, unless the refusal is in accordance with section 9.79 of the Revised Code.

Sec. 4731.222. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license or certificate issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license or certificate pursuant to this chapter who for more than two years has not been engaged in the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine as any of the following:

(e) A student in a school, college, or institution giving instruction in a limited branch of medicine determined by the board to be in good standing under section 4731.16 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license or certificate to an applicant subject to this section, or before restoring a license or certificate to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the

applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension ~~or~~, inactivity, or retirement, in accordance with section 4731.09, 4731.19, or 4731.52 of the Revised Code. The board shall not issue ~~or~~, restore, or reactivate a license or certificate under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4731.282. (A)(1) Except as provided in division (D) of this section, each person holding a license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery issued by the state medical board shall complete biennially not less than fifty hours of continuing medical education that has been approved by the board.

(2) Each person holding a license to practice shall be given sufficient choice of continuing education programs to ensure that the person has had a reasonable opportunity to participate in continuing education programs that are relevant to the person's medical practice in terms of subject matter and level.

(B) In determining whether a course, program, or activity qualifies for credit as continuing medical education, the board shall approve all of the following:

(1) Continuing medical education completed by holders of licenses to practice medicine and surgery that is certified by the Ohio state medical association;

(2) Continuing medical education completed by holders of licenses to practice osteopathic medicine and surgery that is certified by the Ohio osteopathic association;

(1) Recognizing the signs of domestic violence and its relationship to child abuse;

(2) Diagnosing and treating chronic pain, as defined in section 4731.052 of the Revised Code.

(D) The board shall adopt rules providing for pro rata reductions by month of the number of hours of continuing education that must be

completed for license holders who have been disabled by illness or accident or have been absent from the country. The board shall adopt the rules in accordance with Chapter 119. of the Revised Code.

(E) The board may require a random sample of holders of licenses to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery to submit materials documenting completion of the required number of hours of continuing medical education. This division does not limit the board's authority to conduct investigations pursuant to section 4731.22 of the Revised Code.

(F)(1) If, through a random sample conducted under division (E) of this section or through any other means, the board finds that an individual who certified completion of the number of hours and type of continuing medical education required to renew, reinstate, ~~or~~ restore, or reactivate a license to practice did not complete the requisite continuing medical education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4731.22 of the Revised Code, impose a civil penalty, or both;

Sec. 4731.283. (A) An individual who holds a current, valid license issued under this chapter and who retires voluntarily from the practice of medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery or a limited branch of medicine may request that the state medical board place the individual's license on retired status.

This section does not authorize an individual who holds a training certificate issued under section 4731.291 or 4731.573 of the Revised Code to request that the board place the individual's certificate on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

(4) In the case of an applicant who holds a current, valid license to practice a limited branch of medicine, a fee in an amount equal to the restoration fee amount described in section 4731.15 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited under any circumstance from practicing medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery or a limited branch of medicine.

(2) In the case of a license holder whose license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery is on retired status, the holder is not required to complete the continuing education required by section 4731.282 of the Revised Code.

(5) In the case of a license holder who also holds a certificate to recommend issued under section 4731.30 of the Revised Code, the certificate, like the license, is on retired status.

(6) The license holder is prohibited from holding or practicing under a volunteer's certificate issued under section 4731.295 of the Revised Code.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4731.222 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) In the case of an applicant whose license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery is on retired status, the applicant certifies completion of, within the two-year period that ends on the date of the application's submission, the continuing education requirements that must be met for renewal of a license.

(3) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(4) In the case of an applicant whose license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery is on retired status, the applicant pays a reactivation fee in an amount equal to the restoration fee amount described in section 4731.281 of the Revised Code.

(5) In the case of an applicant whose license to practice a limited branch of medicine is on retired status, the applicant pays a reactivation fee in an

amount equal to the restoration fee amount described in section 4731.15 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4731.22 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

(B) The board shall waive the requirements of divisions (A)(3), (4), and (5) of this section and any rules adopted under division (A)(6) of section 4759.05 of the Revised Code if the applicant presents satisfactory evidence to the board of current registration as a registered dietitian with the commission on dietetic registration.

(C)(1) The board shall issue a license to practice dietetics to an applicant who meets the requirements of division (A) of this section. A license shall be valid for a two-year period unless revoked or suspended by the board and shall expire on the date that is two years after the date of issuance. A license may be renewed for additional two-year periods.

(2) The board shall renew an applicant's license if the applicant has paid the license renewal fee specified in section 4759.08 of the Revised Code and certifies to the board that the applicant has met the continuing education requirements adopted under division (A)(5) of section 4759.05 of the Revised Code. The renewal shall be pursuant to the standard renewal procedure of sections 4745.01 to 4745.03 of the Revised Code.

At least one month before a license expires, the board shall provide a renewal notice. Failure of any person to receive a notice of renewal from the board shall not excuse the person from the requirements contained in this section. Each person holding a license shall give notice to the board of a change in the license holder's residence address, business address, or electronic mail address not later than thirty days after the change occurs.

(D) Any person licensed to practice dietetics by the former Ohio board of dietetics before January 21, 2018, may continue to practice dietetics in this state under that license if the person continues to meet the requirements to renew a license under this chapter and renews the license through the state medical board.

The state medical board may take any of the following actions, as provided in section 4759.07 of the Revised Code, against the holder of a license to practice dietetics issued before January 21, 2018, by the former Ohio board of dietetics:

- (1) Limit, revoke, or suspend the holder's license;
- (2) Refuse to renew or reinstate the holder's license;
- (3) Reprimand the holder or place the holder on probation.

(E) The board may require a random sample of dietitians to submit materials documenting that the continuing education requirements adopted

under division (A)(5) of section 4759.05 of the Revised Code have been met.

This division does not limit the board's authority to conduct investigations pursuant to section 4759.07 of the Revised Code.

(F)(1) If, through a random sample conducted under division (E) of this section or through any other means, the board finds that an individual who certified completion of the number of hours and type of continuing education required to renew, reinstate, ~~or~~ restore, or reactivate a license to practice did not complete the requisite continuing education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4759.07 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to complete the continuing education and pay a civil penalty.

(2) The board's finding in any disciplinary action taken under division (F)(1)(a) of this section shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six of its members.

(3) A civil penalty imposed under division (F)(1)(a) of this section or paid under division (F)(1)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

(G)(1) The board may grant a limited permit to a person who has completed the education and pre-professional requirements of divisions (A)(3) and (4) of this section and who presents evidence to the board of having applied to take the examination approved by the board under division (A)(1) of section 4759.05 of the Revised Code. An application for a limited permit shall be made on forms that the board shall furnish and shall be accompanied by the limited permit fee specified in section 4759.08 of the Revised Code.

(2) If no grounds apply under section 4759.07 of the Revised Code for denying a license to the applicant and the applicant meets the requirements of division (G)(1) of this section, the board shall issue a limited permit to the applicant.

A limited permit expires in accordance with rules adopted under section 4759.05 of the Revised Code. A limited permit may be renewed in accordance with those rules.

(3) A person holding a limited permit who has failed the examination shall practice only under the direct supervision of a licensed dietitian.

(4) The board may revoke a limited permit on proof satisfactory to the

board that the permit holder has engaged in practice in this state outside the scope of the permit, that the holder has engaged in unethical conduct, or that grounds for action against the holder exist under section 4759.07 of the Revised Code.

Sec. 4759.063. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been engaged in the practice of dietetics as any of the following:

(a) An active practitioner;

(b) A participant in a pre-professional dietetic experience as described in section 4759.06 of the Revised Code;

(c) A student in a program described in section 4759.06 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license to an applicant subject to this section, or before restoring a license to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension ~~or~~ inactivity, or retirement. The

board shall not issue ~~or~~, restore, or reactivate a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4759.064. (A) An individual who holds a current, valid license issued under this chapter to practice dietetics and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

This section does not authorize an individual who holds a limited permit issued under section 4759.06 of the Revised Code to request that the board place the individual's permit on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

(1) The applicant's full name, license number, mailing address, and electronic mail address;

(2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(a) That the applicant holds a current, valid license issued under this chapter;

(b) That the applicant has retired voluntarily from the practice of dietetics;

(c) That the applicant does not have any criminal charges pending against the applicant;

(d) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(e) That the applicant does not have any complaints pending with the board;

(f) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the restoration fee described in section 4759.062 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as a dietitian under any circumstance.

(2) The license holder is not required to complete the continuing education required by the board in rules adopted under section 4759.05 of the Revised Code.

(3) The license holder is prohibited from using the license to obtain a license to practice dietetics in another state, whether by endorsement or reciprocity or through a licensure compact.

(4) The license holder may use a title authorized for the holder's license as described in section 4759.02 of the Revised Code, but only if "retired" also is included in the title.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4759.063 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) The applicant certifies completion of, within the two-year period that ends on the date of the application's submission, the continuing education requirements that must be met for renewal of a license.

(3) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(4) The applicant pays a reactivation fee in an amount equal to the restoration fee described in section 4759.062 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as a dietitian in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4759.07 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4759.07. (A) The state medical board, by an affirmative vote of not fewer than six members, shall, except as provided in division (B) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license or limited permit, refuse to issue a license or limited permit to an individual, refuse to renew a license or limited permit, refuse to reinstate a license or limited permit, or reprimand or place on probation the holder of a license or limited permit for one or more of the following reasons:

(1) Except when civil penalties are imposed under section 4759.071 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter or the rules adopted by the board;

(2) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of dietetics; or in securing or attempting to secure any license or permit issued by the board under this chapter.

As used in division (A)(2) of this section, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(3) Committing fraud during the administration of the examination for a license to practice or committing fraud, misrepresentation, or deception in

applying for, renewing, or securing any license or permit issued by the board;

(4) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(5) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(6) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(7) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(8) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(9) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(10) A record of engaging in incompetent or negligent conduct in the practice of dietetics;

(11) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(12) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(13) Violation of the conditions of limitation placed by the board on a license or permit;

(14) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(15) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(16) The revocation, suspension, restriction, reduction, or termination of

practice privileges by the United States department of defense or department of veterans affairs;

(17) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (A)(11), (12), or (14) of this section;

(18) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(19) Failure to cooperate in an investigation conducted by the board under division (B) of section 4759.05 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(20) Representing with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured.

(B) The board shall not refuse to issue a license or limited permit to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(C) Any action taken by the board under division (A) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or permit may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or permit suspended pursuant to division (A) of this section requires an affirmative vote of not fewer than six members of the board.

(D) When the board refuses to grant or issue a license or permit to an applicant, revokes an individual's license or permit, refuses to renew an individual's license or permit, or refuses to reinstate an individual's license or permit, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or permit and the board shall not accept an application for reinstatement of the license or permit or for issuance of a

new license or permit.

(E) Disciplinary actions taken by the board under division (A) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(F) In enforcing division (A)(14) of this section, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in division (A)(14) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or permit. For the purpose of division (A)(14) of this section, any individual who applies for or receives a license or permit under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(G) For the purposes of division (A)(18) of this section, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or permit under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for a license or permit suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or permit or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license or permit, to submit to treatment.

Before being eligible to apply for reinstatement of a license or permit suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or permit. The demonstration shall include, but shall not be limited to, the following:

(1) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(2) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(3) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for

making the assessments and shall describe the basis for their determination.

The board may reinstate a license or permit suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or permit without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (A) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or permit without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(I) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) of this section.

(J) For purposes of divisions (A)(5), (7), and (9) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(K) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(L) If the board takes action under division (A)(4), (6), or (8) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition for reconsideration and supporting court documents, the board shall reinstate the individual's license or permit. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (A) of this section.

(M) The license or permit issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the

date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or permit.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or permit is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license or permit.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or permit issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or permit surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or permit made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or permit in accordance with this chapter ~~shall~~ does not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4759.064 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

(5) At the request of the board, a license or permit holder shall immediately surrender to the board a license or permit that the board has suspended, revoked, or permanently revoked.

Sec. 4760.061. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as an anesthesiologist assistant as either of the following:

(a) An active practitioner;

(b) A participant in a training program as described in section 4760.031 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license to an applicant subject to this section, or before restoring a license to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension ~~or~~, inactivity, or retirement. The board shall not issue ~~or~~, restore, or reactivate a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4760.062. (A) An individual who holds a current, valid license issued under this chapter to practice as an anesthesiologist assistant and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of

a biennial renewal period and include all of the following:

(1) The applicant's full name, license number, mailing address, and electronic mail address;

(2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(a) That the applicant holds a current, valid license issued under this chapter;

(b) That the applicant has retired voluntarily from practice as an anesthesiologist assistant;

(c) That the applicant does not have any criminal charges pending against the applicant;

(d) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(e) That the applicant does not have any complaints pending with the board;

(f) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4760.06 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as an anesthesiologist assistant under any circumstance.

(2) The license holder is prohibited from using the license to obtain a license to practice as an anesthesiologist assistant in another state, whether by endorsement or reciprocity or through a licensure compact.

(3) The license holder may use a title authorized for the holder's license,

but only if "retired" also is included in the title.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4760.061 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(3) The applicant pays a reactivation fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4760.06 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as an anesthesiologist assistant in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4760.13 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4760.13. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as an anesthesiologist assistant to ~~a person, or may revoke the license held by, an individual~~ found by the board to have committed fraud,

misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as an anesthesiologist assistant, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;
- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as an anesthesiologist assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

- (9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;
- (10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;
- (11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of anesthesiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4760.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to comply with any code of ethics established by the national commission for the certification of anesthesiologist assistants;

(22) Failure to notify the state medical board of the revocation or failure to maintain certification from the national commission for certification of anesthesiologist assistants.

(C) The board shall not refuse to issue a certificate to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an anesthesiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice issued under this chapter, or applies for a license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, may compel any individual who holds a license to

practice issued under this chapter or who has applied for a license to practice pursuant to this chapter to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an anesthesiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the anesthesiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice issued under this chapter or any applicant for a license to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the anesthesiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section

4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired anesthesiologist assistant resumes practice, the board shall require continued monitoring of the anesthesiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the anesthesiologist assistant has maintained sobriety.

(H) If the secretary and supervising member determine that there is clear and convincing evidence that an anesthesiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the anesthesiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the anesthesiologist assistant requests the hearing, unless

otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of an anesthesiologist assistant and the assistant's practice in this state are automatically suspended as of the date the anesthesiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(K) In any instance in which the board is required by Chapter 119. of

the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the anesthesiologist assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as an anesthesiologist assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as an anesthesiologist assistant and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4760.06 of the Revised Code ~~shall~~ does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4760.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

Sec. 4761.06. (A) Each license to practice respiratory care shall expire on the date that is two years after the date of issuance and may be renewed

for additional two-year periods. Each limited permit to practice respiratory care shall be renewed annually. Each person seeking to renew a license or limited permit to practice respiratory care shall apply to the state medical board in a manner prescribed by the board. Licenses and limited permits shall be renewed in accordance with the standard renewal procedure of Chapter 4745. of the Revised Code. The board shall renew a license if the holder pays the license renewal fee prescribed under section 4761.07 of the Revised Code and certifies that the holder has completed the continuing education or reexamination requirements of division (B) of this section.

At least one month before a license expires, the board shall provide to the license holder a renewal notice. Failure of any license holder to receive a notice of renewal from the board shall not excuse the holder from the requirements contained in this section. Each license holder shall give notice to the board of a change in the holder's residence address, business address, or electronic mail address not later than thirty days after the change occurs.

The board shall renew a limited permit if the holder pays the limited permit renewal fee prescribed under section 4761.07 of the Revised Code and does either of the following:

(1) If the limited permit was issued on the basis of division (B)(1)(a) of section 4761.05 of the Revised Code, certifies that the holder is enrolled and in good standing in an educational program that meets the requirements of division (A)(1) of section 4761.04 of the Revised Code or has graduated from such a program;

(2) If the limited permit was issued on the basis of division (B)(1)(b) of section 4761.05 of the Revised Code, certifies that the applicant is employed as a provider of respiratory care under the supervision of a respiratory care professional.

(B) On or before the annual renewal date, the holder of a limited permit issued under division (B)(1)(b) of section 4761.05 of the Revised Code shall certify to the board that the holder has satisfactorily completed the number of hours of continuing education required by the board, which shall not be less than three nor more than ten hours of continuing education acceptable to the board.

On or before the date a license expires, a license holder shall certify to the board that the license holder has satisfactorily completed the number of hours of continuing education required by the board, which shall be not less than six nor more than twenty hours of continuing education acceptable to the board, or has passed a reexamination in accordance with the board's renewal requirements.

(C)(1) A license to practice respiratory care that is not renewed on or

before its expiration date is automatically suspended on its expiration date. Continued practice after suspension shall be considered as practicing in violation of section 4761.10 of the Revised Code.

(2) If a license has been suspended pursuant to division (C)(1) of this section for two years or less, it may be reinstated. The board shall reinstate the license upon the applicant's submission of a complete renewal application and payment of a reinstatement fee of one hundred dollars.

If a license has been suspended pursuant to division (C)(1) of this section for more than two years, it may be restored. Subject to section 4761.061 of the Revised Code, the board may restore the license upon an applicant's submission of a complete restoration application and a restoration fee of one hundred twenty-five dollars and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore a license unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a license issued pursuant to division (A) of this section.

(D)(1) The board may require a random sample of limited permit holders to submit materials documenting that the holder has completed the number of hours of continuing education as described in division (B) of this section.

(2) The board may require a random sample of license holders to submit materials documenting that the holder has completed the number of hours of continuing education as described in division (B) of this section or has passed a reexamination.

(3) Division (D)(1) or (2) of this section does not limit the board's authority to conduct investigations pursuant to section 4731.22 of the Revised Code.

(E)(1) If, through a random sample conducted under division (D) of this section or through any other means, the board finds that an individual who certified passing the reexamination or completion of the number of hours and type of continuing education required to renew, reinstate, or restore a limited permit or license or to reactivate a license placed on retired status did not pass the reexamination or complete the requisite continuing education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4761.09 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to pass the reexamination or complete the continuing education and pay a civil penalty.

(2) The board's finding in any disciplinary action taken under division (E)(1)(a) of this section shall be made pursuant to an adjudication under

Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six of its members.

(3) A civil penalty imposed under division (E)(1)(a) of this section or paid under division (E)(1)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

Sec. 4761.061. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been engaged in the practice of respiratory care as either of the following:

(a) An active practitioner;

(b) A student in an educational program as described in section 4761.04 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license to an applicant subject to this section, ~~or before restoring a license to good standing or reactivating a license placed on retired status~~ for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension ~~or~~ inactivity, or retirement. The

board shall not issue ~~or~~, restore, or reactivate a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4761.062. (A) An individual who holds a current, valid license issued under this chapter to practice respiratory care and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

This section does not authorize an individual who holds a limited permit issued under section 4761.05 of the Revised Code to request that the board place the individual's permit on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

(1) The applicant's full name, license number, mailing address, and electronic mail address;

(2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(a) That the applicant holds a current, valid license issued under this chapter;

(b) That the applicant has retired voluntarily from the practice of respiratory care;

(c) That the applicant does not have any criminal charges pending against the applicant;

(d) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(e) That the applicant does not have any complaints pending with the board;

(f) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the restoration fee described in section 4761.06 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as a respiratory care professional under any circumstance.

(2) The license holder is not required to complete continuing education as described in section 4761.06 of the Revised Code.

(3) The license holder is prohibited from using the license to obtain a license to practice respiratory care in another state, whether by endorsement or reciprocity or through a licensure compact.

(4) The license holder may use a title authorized for the holder's license as described in section 4761.10 of the Revised Code, but only if "retired" also is included in the title.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4761.061 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The holder seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) The applicant certifies completion of, within the two-year period that ends on the date of the application's submission, the continuing education requirements that must be met for renewal of a license.

(3) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(4) The applicant pays a reactivation fee in an amount equal to the restoration fee described in section 4761.06 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is

seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as a respiratory care professional in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4761.09 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4761.09. (A) The state medical board, by an affirmative vote of not fewer than six members, shall, except as provided in division (B) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license or limited permit, refuse to issue a license or limited permit to an individual, refuse to renew a license or limited permit, refuse to reinstate a license or limited permit, or reprimand or place on probation the holder of a license or limited permit for one or more of the following reasons:

(1) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(2) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(3) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(4) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(5) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(6) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(7) Except when civil penalties are imposed under section 4761.091 of the Revised Code, violating or attempting to violate, directly or indirectly,

or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter or the rules adopted by the board;

(8) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of respiratory care; or in securing or attempting to secure any license or permit issued by the board under this chapter.

As used in division (A)(8) of this section, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Committing fraud during the administration of the examination for a license to practice or committing fraud, misrepresentation, or deception in applying for, renewing, or securing any license or permit issued by the board;

(10) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(11) Violating the standards of ethical conduct adopted by the board, in the practice of respiratory care;

(12) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(13) Violation of the conditions of limitation placed by the board upon a license or permit;

(14) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

(15) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(16) The revocation, suspension, restriction, reduction, or termination of practice privileges by the United States department of defense or department

of veterans affairs;

(17) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (A)(10), (12), or (14) of this section;

(18) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(19) Failure to cooperate in an investigation conducted by the board under division (E) of section 4761.03 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(20) Practicing in an area of respiratory care for which the person is clearly untrained or incompetent or practicing in a manner that conflicts with section 4761.17 of the Revised Code;

(21) Employing, directing, or supervising a person who is not authorized to practice respiratory care under this chapter in the performance of respiratory care procedures;

(22) Misrepresenting educational attainments or authorized functions for the purpose of obtaining some benefit related to the practice of respiratory care;

(23) Assisting suicide as defined in section 3795.01 of the Revised Code;

(24) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured.

Disciplinary actions taken by the board under division (A) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement

shall be of no effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(B) The board shall not refuse to issue a license or limited permit to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(C) Any action taken by the board under division (A) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or permit may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or permit suspended pursuant to division (A) of this section requires an affirmative vote of not fewer than six members of the board.

(D) When the board refuses to grant or issue a license or permit to an applicant, revokes an individual's license or permit, refuses to renew an individual's license or permit, or refuses to reinstate an individual's license or permit, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or permit and the board shall not accept an application for reinstatement of the license or permit or for issuance of a new license or permit.

(E) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) of this section.

(F) In enforcing division (A)(14) of this section, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the

allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in division (A)(14) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or permit. For the purpose of division (A)(14) of this section, any individual who applies for or receives a license or permit to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(G) For the purposes of division (A)(18) of this section, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or permit under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for a license or permit suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's

license or permit or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license or permit, to submit to treatment.

Before being eligible to apply for reinstatement of a license or permit suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or permit. The demonstration shall include, but shall not be limited to, the following:

(1) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(2) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(3) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or permit suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or permit without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (A) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or permit without a prior hearing. A

telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(I) For purposes of divisions (A)(2), (4), and (6) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(J) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(K) If the board takes action under division (A)(1), (3), or (5) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition for reconsideration and supporting court

documents, the board shall reinstate the individual's license or permit. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (A) of this section.

(L) The license or permit issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or permit.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or permit is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license or permit.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or permit issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or permit. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or permit surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or permit made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or permit in accordance with this chapter ~~shall~~ does not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as

described in section 4761.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

(5) At the request of the board, a license or permit holder shall immediately surrender to the board a license or permit that the board has suspended, revoked, or permanently revoked.

Sec. 4762.061. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been engaged in the practice of oriental medicine or acupuncture as either of the following:

(a) An active practitioner;

(b) A participant in a training program as described in section 4762.02 of the Revised Code.

(3) An applicant seeking to reactivate a license to practice as an acupuncturist placed on retired status.

(B) Before issuing a license to an applicant subject to this section, or before restoring a license to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the

applicant during the period of suspension ~~or~~, inactivity, or retirement. The board shall not issue ~~or~~, restore, or reactivate a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4762.062. (A) An individual who holds a current, valid license issued under this chapter to practice as an acupuncturist and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

(1) The applicant's full name, license number, mailing address, and electronic mail address;

(2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(a) That the applicant holds a current, valid license issued under this chapter;

(b) That the applicant has retired voluntarily from practice as an acupuncturist;

(c) That the applicant does not have any criminal charges pending against the applicant;

(d) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(e) That the applicant does not have any complaints pending with the board;

(f) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4762.06 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on

retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as an acupuncturist under any circumstance.

(2) The license holder is prohibited from using the license to obtain a license to practice as an acupuncturist in another state, whether by endorsement or reciprocity or through a licensure compact.

(3) The license holder may use a title authorized for the holder's license as described in section 4762.08 of the Revised Code, but only if "retired" also is included in the title.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4762.061 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(3) The applicant pays a reactivation fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4762.06 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as an acupuncturist in another state, or uses a

title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4762.13 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4762.13. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist to ~~a person, or may revoke the license held by, an individual~~ found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;
- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in soliciting or advertising for patients or in securing or attempting to secure a license to practice as an oriental medicine practitioner or license to practice

as an acupuncturist.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(14) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(15) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(17) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(18) Any of the following actions taken by the state agency responsible for regulating the practice of oriental medicine or acupuncture in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) Violation of the conditions placed by the board on a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist;

(20) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(21) Failure to cooperate in an investigation conducted by the board under section 4762.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(22) Failure to comply with the standards of the national certification commission for acupuncture and oriental medicine regarding professional ethics, commitment to patients, commitment to the profession, and commitment to the public;

(23) Failure to have adequate professional liability insurance coverage in accordance with section 4762.22 of the Revised Code;

(24) Failure to maintain a current and active designation as a diplomate in oriental medicine, diplomate of acupuncture and Chinese herbology, or diplomate in acupuncture, as applicable, from the national certification commission for acupuncture and oriental medicine, including revocation by the commission of the individual's designation, failure by the individual to meet the commission's requirements for redesignation, or failure to notify the board that the appropriate designation has not been maintained.

(C) The board shall not refuse to issue a certificate to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an oriental medicine practitioner or acupuncturist or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement

shall be of no force or effect.

(E) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or entered into a consent agreement prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice issued under this chapter, or applies for a license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, upon a showing of a possible violation, may compel any individual who holds a license to practice issued under this chapter or who has applied for a license pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an oriental medicine practitioner or acupuncturist unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or

designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice issued under this chapter or any applicant for a license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the oriental medicine practitioner or acupuncturist shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written

consent agreement.

When the impaired individual resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the individual has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license to practice without a prior hearing:

(1) That there is clear and convincing evidence that an oriental medicine practitioner or acupuncturist has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the oriental medicine practitioner or acupuncturist requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the hearing is requested, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal,

upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of an oriental medicine practitioner or acupuncturist and the practitioner's or acupuncturist's practice in this state are automatically suspended as of the date the practitioner or acupuncturist pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing

conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as an oriental medicine practitioner or license to practice as an acupuncturist issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4762.06 of the Revised Code ~~shall~~ does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4762.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

Sec. 4774.061. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as a radiologist assistant as either of the following:

(a) An active practitioner;

(b) A student in an academic program as described in section 4774.03 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license to an applicant subject to this section, or

before restoring a license to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

- (1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;
- (2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;
- (3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;
- (4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;
- (5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;
- (6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension ~~or~~ inactivity, or retirement. The board shall not issue ~~or~~ restore, or reactivate a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4774.062. (A) An individual who holds a current, valid license issued under this chapter to practice as a radiologist assistant and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

- (1) The applicant's full name, license number, mailing address, and electronic mail address;
- (2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(b) That the applicant has retired voluntarily from practice as a radiologist assistant;

(c) That the applicant does not have any criminal charges pending against the applicant;

(d) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(f) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4774.06 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as a radiologist assistant under any circumstance.

(2) The license holder is prohibited from using the license to obtain a license to practice as a radiologist assistant in another state, whether by endorsement or reciprocity or through a licensure compact.

(3) The license holder is not required to complete the continuing education described in section 4774.06 of the Revised Code.

(4) The license holder may use a title authorized for the holder's license as described in section 4774.02 of the Revised Code, but only if "retired" also is included in the title.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4774.061 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(3) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(4) The applicant pays a reactivation fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4774.06 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as a radiologist assistant in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4774.13 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4774.13. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as a radiologist assistant to, ~~or may revoke the license held by,~~ an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members,

shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a radiologist assistant, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

- (7) Willfully betraying a professional confidence;
- (8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a radiologist assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

- (9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;
- (10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;
- (11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;
- (12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a

misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of radiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice as a radiologist assistant;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4774.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to maintain a license as a radiographer under Chapter 4773. of the Revised Code;

(22) Failure to maintain certification as a registered radiologist assistant from the American registry of radiologic technologists, including revocation by the registry of the assistant's certification or failure by the assistant to meet the registry's requirements for annual registration, or failure to notify the board that the certification as a registered radiologist assistant has not

been maintained;

(23) Failure to comply with any of the rules of ethics included in the standards of ethics established by the American registry of radiologic technologists, as those rules apply to an individual who holds the registry's certification as a registered radiologist assistant.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a radiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice as a radiologist assistant issued under this chapter, or applies for a license, shall be deemed to have given consent to submit to a mental or

physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, may compel any individual who holds a license to practice as a radiologist assistant issued under this chapter or who has applied for a license to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a radiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the radiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a radiologist assistant issued under this chapter or any applicant for a license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended

under this division, the radiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired radiologist assistant resumes practice, the board shall require continued monitoring of the radiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the radiologist assistant has maintained sobriety.

(H) If the secretary and supervising member determine that there is clear and convincing evidence that a radiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license to practice without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the radiologist

assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the radiologist assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a radiologist assistant. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice of a radiologist assistant and the assistant's practice in this state are automatically suspended as of the date the radiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised

Code, the board shall enter a final order permanently revoking the individual's license.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the radiologist assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a radiologist assistant to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a radiologist assistant and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a radiologist assistant issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license to practice in accordance with section 4774.06 of the Revised Code ~~shall~~ does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4774.062 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual

with regard to the license as it existed before being placed on retired status.

Sec. 4778.06. (A) An individual seeking to renew a license to practice as a genetic counselor shall, on or before the license's expiration date, apply to the state medical board for renewal. The board shall provide renewal notices to license holders at least one month prior to the expiration date.

Renewal applications shall be submitted to the board in a manner prescribed by the board. Each application shall be accompanied by a biennial renewal fee of one hundred fifty dollars.

The applicant shall report any criminal offense to which the applicant has pleaded guilty, of which the applicant has been found guilty, or for which the applicant has been found eligible for intervention in lieu of conviction, since last signing an application for a license to practice as a genetic counselor.

(B) To be eligible for renewal, a genetic counselor shall certify to the board that the counselor has done both of the following:

(1) Maintained the counselor's status as a certified genetic counselor;

(2) Completed at least thirty hours of continuing education in genetic counseling that has been approved by the national society of genetic counselors or American board of genetic counseling.

(C) If an applicant submits a renewal application that the board considers to be complete and qualifies for renewal pursuant to division (B) of this section, the board shall issue to the applicant a renewed license to practice as a genetic counselor.

(D) The board may require a random sample of genetic counselors to submit materials documenting that their status as certified genetic counselors has been maintained and that the number of hours of continuing education required under division (B)(2) of this section has been completed. This division does not limit the board's authority to conduct investigations pursuant to section 4778.14 of the Revised Code.

(E)(1) If, through a random sample conducted under division (D) of this section or through any other means, the board finds that an individual who certified completion of the number of hours and type of continuing education required to renew, reinstate, ~~or~~ restore, or reactivate a license to practice did not complete the requisite continuing education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4778.14 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to complete the continuing education and pay a civil penalty.

(2) The board's finding in any disciplinary action taken under division

(E)(1)(a) of this section shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six of its members.

(3) A civil penalty imposed under division (E)(1)(a) of this section or paid under division (E)(1)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

Sec. 4778.071. (A) This section applies to ~~both~~ all of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as a genetic counselor as either of the following:

(a) An active practitioner;

(b) A student in a graduate program as described in section 4778.03 of the Revised Code.

(3) An applicant seeking to reactivate a license placed on retired status.

(B) Before issuing a license to an applicant subject to this section, or before restoring a license to good standing or reactivating a license placed on retired status for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the

applicant during the period of suspension ~~or~~, inactivity, ~~or retirement~~. The board shall not issue ~~or~~, restore, ~~or reactivate~~ a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4778.072. (A) An individual who holds a current, valid license issued under this chapter to practice as a genetic counselor and who retires voluntarily from practice may request that the state medical board place the individual's license on retired status.

(B) An individual seeking to have the individual's license placed on retired status shall file with the board an application in the form and manner prescribed by the board. The application shall be submitted before the end of a biennial renewal period and include all of the following:

(1) The applicant's full name, license number, mailing address, and electronic mail address;

(2) An attestation that the information included in the application is accurate and truthful and that the applicant meets the following qualifications:

(a) That the applicant holds a current, valid license issued under this chapter;

(b) That the applicant has retired voluntarily from practice as a genetic counselor;

(c) That the applicant does not have any criminal charges pending against the applicant;

(d) That the applicant is not the subject of discipline by, or an investigation pending with, a regulatory agency of this state, another state, or the United States;

(e) That the applicant does not have any complaints pending with the board;

(f) That the applicant is not, at the time of application, subject to the board's hearing, disciplinary, or compliance processes under the terms of a citation, notice of opportunity for hearing, board order, or consent agreement.

(3) A fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4778.07 of the Revised Code.

The board shall not consider an application for retired status complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(C) If the board determines that an applicant meets the requirements of division (B) of this section, the board shall place the applicant's license on

retired status. The license remains on retired status for the life of the license holder, unless suspended, revoked, or reactivated, and does not require renewal.

(D) During the period in which a license is on retired status, all of the following apply:

(1) The license holder is prohibited from practicing as a genetic counselor under any circumstance.

(2) The license holder is not required to complete the continuing education required by section 4778.06 of the Revised Code.

(3) The license holder is prohibited from using the license to obtain a license to practice as a genetic counselor in another state, whether by endorsement or reciprocity or through a licensure compact.

(4) The license holder may use a title authorized for the holder's license as described in section 4778.02 of the Revised Code, but only if "retired" also is included in the title.

(E) If a license has been placed on retired status pursuant to this section, it may be reactivated. Subject to section 4778.071 of the Revised Code, the board may reactivate a license placed on retired status if all of the following conditions are satisfied:

(1) The individual seeking to reactivate the license applies to the board in the form and manner prescribed by the board.

(2) The applicant certifies completion of, within the two-year period that ends on the date of the application's submission, the continuing education requirements for renewal of a license to practice.

(3) The applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

(4) The applicant pays a reactivation fee in an amount equal to the sum of the biennial renewal fee and restoration penalty described in section 4778.07 of the Revised Code.

The board shall not consider an application to reactivate a license complete until the board receives the fee described in this division. On receipt of a fee, the board shall deposit the fee in accordance with section 4731.24 of the Revised Code.

(F) The board shall reactivate a license placed on retired status if the conditions of division (E) of this section have been satisfied and the board, in its discretion, determines that the results of the criminal records check conducted pursuant to sections 4776.01 to 4776.04 of the Revised Code do not make the applicant ineligible for active status.

(G) The board may take disciplinary action against an applicant who is seeking to place a license on retired status or to reactivate the license if the

applicant commits fraud, misrepresentation, or deception in applying for or securing the retired status or reactivation.

The board also may take disciplinary action against the holder of a license placed on retired status if the holder practices under the license, uses the license to obtain licensure as a genetic counselor in another state, or uses a title that does not reflect the holder's retired status.

In taking disciplinary action under this section, the board may impose on the applicant or holder any sanction described in section 4778.14 of the Revised Code, but shall do so in accordance with the procedures described in that section.

(H) The board may adopt rules to implement and enforce this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 4778.14. (A) The state medical board, by an affirmative vote of not fewer than six members, ~~may revoke or~~ may refuse to grant a license to practice as a genetic counselor to, or may revoke the license held by, an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, except as provided in division (C) of this section, and to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a genetic counselor, refuse to issue a license to an applicant, refuse to renew a license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

- (1) Permitting the holder's name or license to be used by another person;
- (2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
- (3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
- (4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
- (5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
- (6) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(7) Willfully betraying a professional confidence;

(8) Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a license to practice as a genetic counselor.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(10) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a license to practice as a genetic counselor;

(19) Failure to cooperate in an investigation conducted by the board under section 4778.18 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(20) Failure to maintain the individual's status as a certified genetic counselor;

(21) Failure to comply with the code of ethics established by the national society of genetic counselors.

(C) The board shall not refuse to issue a license to an applicant because of a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for an offense unless the refusal is in accordance with section 9.79 of the Revised Code.

(D) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a genetic counselor or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

(E) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of

dismissal on technical or procedural grounds.

(F) The sealing or expungement of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or took other formal action under Chapter 119. of the Revised Code prior to the court's order to seal or expunge the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing or expungement of conviction records.

(G) For purposes of this division, any individual who holds a license to practice as a genetic counselor, or applies for a license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, may compel any individual who holds a license to practice as a genetic counselor or who has applied for a license to practice as a genetic counselor to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a genetic counselor unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the genetic counselor to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a license to practice as a genetic counselor or any applicant for a license suffers such impairment, the board may compel the individual to submit to a mental or physical

examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the genetic counselor shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired genetic counselor resumes practice, the board shall require continued monitoring of the genetic counselor. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the genetic counselor has maintained sobriety.

(H) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license to practice without a prior hearing:

(1) That there is clear and convincing evidence that a genetic counselor has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the genetic counselor requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the genetic counselor requests the hearing, unless otherwise agreed to by both the board and the genetic counselor.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(I) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the license to practice as a genetic counselor. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested,

it may order any of the sanctions specified in division (B) of this section.

(J) The license to practice as a genetic counselor and the counselor's practice in this state are automatically suspended as of the date the genetic counselor pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(K) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(L) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the license of the genetic counselor may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(M) When the board refuses to grant or issue a license to practice as a genetic counselor to an applicant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license to practice as a genetic counselor and the board shall not accept an application for reinstatement of the license or for issuance of a new license.

(N) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license to practice as a genetic counselor is not effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a license to practice may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license in accordance with section 4778.06 of the Revised Code ~~shall~~ does not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

(4) The placement of an individual's license on retired status, as described in section 4778.072 of the Revised Code, does not remove or limit the board's jurisdiction to take any disciplinary action against the individual with regard to the license as it existed before being placed on retired status.

SECTION 130.91. That existing sections 4730.14, 4730.25, 4730.28, 4731.22, 4731.222, 4731.282, 4759.06, 4759.063, 4759.07, 4760.061, 4760.13, 4761.06, 4761.061, 4761.09, 4762.061, 4762.13, 4774.061, 4774.13, 4778.06, 4778.071, and 4778.14 of the Revised Code are hereby repealed.

SECTION 130.92. That the version of section 4759.06 of the Revised Code that is scheduled to take effect December 29, 2023, be amended to read as follows:

Sec. 4759.06. (A) Except as provided in section 4759.05 of the Revised Code, the state medical board shall issue a license to practice dietetics to an applicant who meets all of the following requirements:

(1) Has satisfactorily completed an application for licensure in accordance with rules adopted under division (A) of section 4759.05 of the Revised Code;

(2) Has paid the fee required under division (A) of section 4759.08 of the Revised Code;

(3) Has received a baccalaureate or higher degree from an institution of higher education that is approved by the board or a regional accreditation

agency that is recognized by the council on postsecondary accreditation, and has completed a program consistent with the academic standards for dietitians established by the academy of nutrition and dietetics;

(4) Has successfully completed a pre-professional dietetic experience approved by the academy of nutrition and dietetics, or experience approved by the board under division (A)(3) of section 4759.05 of the Revised Code;

(5) Has passed the examination approved by the board under division (A)(1) of section 4759.05 of the Revised Code.

(B) The board shall waive the requirements of divisions (A)(3), (4), and (5) of this section and any rules adopted under division (A)(6) of section 4759.05 of the Revised Code if the applicant presents satisfactory evidence to the board of current registration as a registered dietitian with the commission on dietetic registration.

(C)(1) The board shall issue a license to practice dietetics to an applicant who meets the requirements of division (A) of this section. A license shall be valid for a two-year period unless revoked or suspended by the board and shall expire on the date that is two years after the date of issuance. A license may be renewed for additional two-year periods.

(2) The board shall renew an applicant's license if the applicant has paid the license renewal fee specified in section 4759.08 of the Revised Code and certifies to the board that the applicant has met the continuing education requirements adopted under division (A)(5) of section 4759.05 of the Revised Code. The renewal shall be pursuant to the standard renewal procedure of sections 4745.01 to 4745.03 of the Revised Code.

At least one month before a license expires, the board shall provide a renewal notice. Failure of any person to receive a notice of renewal from the board shall not excuse the person from the requirements contained in this section. Each person holding a license shall give notice to the board of a change in the license holder's residence address, business address, or electronic mail address not later than thirty days after the change occurs.

(D) Any person licensed to practice dietetics by the former Ohio board of dietetics before January 21, 2018, may continue to practice dietetics in this state under that license if the person continues to meet the requirements to renew a license under this chapter and renews the license through the state medical board.

The state medical board may take any of the following actions, as provided in section 4759.07 of the Revised Code, against the holder of a license to practice dietetics issued before January 21, 2018, by the former Ohio board of dietetics:

(1) Limit, revoke, or suspend the holder's license;

- (2) Refuse to renew or reinstate the holder's license;
- (3) Reprimand the holder or place the holder on probation.

(E) The board may require a random sample of dietitians to submit materials documenting that the continuing education requirements adopted under division (A)(5) of section 4759.05 of the Revised Code have been met.

This division does not limit the board's authority to conduct investigations pursuant to section 4759.07 of the Revised Code.

(F)(1) If, through a random sample conducted under division (E) of this section or through any other means, the board finds that an individual who certified completion of the number of hours and type of continuing education required to renew, reinstate, ~~or~~ restore, or reactivate a license to practice did not complete the requisite continuing education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4759.07 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to complete the continuing education and pay a civil penalty.

(2) The board's finding in any disciplinary action taken under division (F)(1)(a) of this section shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six of its members.

(3) A civil penalty imposed under division (F)(1)(a) of this section or paid under division (F)(1)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

(G)(1) Except as provided in section 4759.05 of the Revised Code, the board may grant a limited permit to a person who has completed the education and pre-professional requirements of divisions (A)(3) and (4) of this section and who presents evidence to the board of having applied to take the examination approved by the board under division (A)(1) of section 4759.05 of the Revised Code. An application for a limited permit shall be made on forms that the board shall furnish and shall be accompanied by the limited permit fee specified in section 4759.08 of the Revised Code.

(2) If no grounds apply under section 4759.07 of the Revised Code for denying a license to the applicant and the applicant meets the requirements of division (G)(1) of this section, the board shall issue a limited permit to the applicant.

A limited permit expires in accordance with rules adopted under section 4759.05 of the Revised Code. A limited permit may be renewed in

accordance with those rules.

(3) A person holding a limited permit who has failed the examination shall practice only under the direct supervision of a licensed dietitian.

(4) The board may revoke a limited permit on proof satisfactory to the board that the permit holder has engaged in practice in this state outside the scope of the permit, that the holder has engaged in unethical conduct, or that grounds for action against the holder exist under section 4759.07 of the Revised Code.

SECTION 130.93. That the existing version of section 4759.06 of the Revised Code that is scheduled to take effect December 29, 2023, is hereby repealed.

SECTION 130.94. Sections 130.92 and 130.93 of this act take effect on December 29, 2023.

SECTION 130.95. Section 4731.22 of the Revised Code is presented in this act as a composite of the section as amended by both H.B. 254 and S.B. 288 of the 134th General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.

SECTION 130.100.
