(D) CALCULATION OF STATE SHARE OF INSTRUCTION
FORMULA ENTITLEMENTS AND ADJUSTMENTS FOR
UNIVERSITIES

(1) Of the foregoing appropriation item 235501, State Share of Instruction, 50 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of associate, baccalaureate, master's, and professional level degree attainment.

The degree attainment funding shall be allocated to universities in proportion to each campus's share of the total statewide degrees granted, weighted by the cost of the degree programs. The degree cost calculations shall include the model cost weights for the science, technology, engineering, mathematics, and medicine models as established in division (C) of this section.

For degrees including credits earned at multiple institutions, degree attainment funding shall be allocated to universities in proportion to each campus's share of the student-specific cost of earned credits for the degree. Each institution shall receive its prorated share of degree funding for credits earned at that institution. Cost of credits not earned at a university main or regional campus shall be credited to the degree-granting institution for the first degree earned by a student at each degree level. The cost credited to the degree-granting institution shall not be eligible for at-risk weights and shall

be limited to 12.5 per cent of the student-specific degree costs. However, the 12.5 per cent limitation shall not apply if the student transferred 12 or fewer credits into the degree granting institution.

In calculating the subsidy entitlements for degree attainment for universities, the Chancellor shall use the following count of degrees and degree costs:

(a) The subsidy eligible undergraduate degrees shall be defined as follows:

(i) The subsidy eligible degrees conferred to students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file, shall be weighted by a factor of 1.

(ii) The subsidy eligible degrees conferred to students identified as out-of-state residents during all terms of their studies, as reported through the Higher Education Information (HEI) system student enrollment file, who remain in the state of Ohio at least one year after graduation, as calculated based on the three-year average in-state residency rate using the Unemployment Wage data for out-of-state graduates at each institution, shall be weighted by a factor of 50 per cent.

(iii) Subsidy eligible associate degrees are defined as those earned by students attending any state-supported university main or regional campus.

(b) In calculating each campus's count of degrees, the Chancellor shall use the three-year average associate, baccalaureate, master's, and professional degrees awarded for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor.

(i) If a student is awarded an associate degree and, subsequently, is awarded a baccalaureate degree, the amount funded for the baccalaureate degree shall be limited to either the difference in cost between the cost of the baccalaureate degree and the cost of the associate degree paid previously, or if the associate degree has a higher cost than the baccalaureate degree, the cost of the credits earned by the student after the associate degree was awarded.

(ii) If a student earns an associate degree then, subsequently, earns a baccalaureate degree, the associate degree granting institution shall only receive the prorated share of the baccalaureate degree funding for the credits earned at that institution after the associate degree is awarded.

(iii) If a student earns more than one degree at the same institution at the same degree level in the same fiscal year, the funding for the highest cost degree shall be prorated among institutions based on where the credits were

earned and additional degrees shall be funded at 25 per cent of the cost of the degrees.

(c) Associate degrees and baccalaureate degrees earned by a student defined as at-risk based on academic under-preparation, age, minority status, financial status, or first generation post-secondary status based on neither parent completing any education beyond high school, shall be defined as degrees earned by an at-risk student and shall be weighted by the following:

A student-specific degree completion weight, where the weight is calculated based on the at-risk factors of the individual student, determined by calculating the difference between the percentage of students with each risk factor who earned a degree and the percentage of non-at-risk students who earned a degree.

(2) Of the foregoing appropriation item 235501, State Share of Instruction, up to 11.78 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of doctoral programs to implement the funding recommendations made by representatives of the universities. The amount so reserved shall be referred to as the doctoral set-aside.

In each fiscal year, the doctoral set-aside funding allocation shall be allocated to universities as follows:

(a) 25 per cent of the doctoral set-aside shall be allocated to universities in proportion to their share of the statewide total earnings of each state institution's three-year average course completions. The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file. Course completion earnings shall be determined by multiplying the amounts listed above in divisions (B) and (C) of this section by the subsidy-eligible FTEs for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor for all doctoral enrollments in graduate-level models.

(b) 50 per cent of the doctoral set-aside shall be allocated to universities in proportion to each campus's share of the total statewide doctoral degrees, weighted by the cost of the doctoral discipline. In calculating each campus's doctoral degrees the Chancellor shall use the three-year average doctoral degrees awarded for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor.

(c) 25 per cent of the doctoral set-aside shall be allocated to universities

in proportion to their share of research grant activity. Funding for this component shall be allocated to eligible universities in proportion to their share of research grant activity published by the National Science Foundation. Grant awards from the Department of Health and Human Services shall be weighted at 50 per cent.

(3) Of the foregoing appropriation item 235501, State Share of Instruction, 6.41 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of Medical II FTEs. The amount so reserved shall be referred to as the medical II set-aside.

The medical II set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical II FTEs as calculated in division (A) of this section.

In calculating the core subsidy entitlements for Medical II models only, students repeating terms may be no more than five per cent of current year enrollment.

(4) Of the foregoing appropriation item 235501, State Share of Instruction, 1.69 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for support of Medical I FTEs. The amount so reserved shall be referred to as the medical I set-aside.

In each fiscal year, the medical I set-aside shall be allocated to universities as follows:

(a) 12.34 per cent of the medical I set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical I FTEs, as calculated in division (A) of this section, enrolled in public colleges of podiatric medicine.

(b) 87.66 per cent of the medical I set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical I FTEs, as calculated in division (A) of this section, enrolled in public colleges of dentistry and veterinary medicine.

(5) In calculating the course completion funding for universities, the Chancellor shall use the following count of FTE students:

(a) The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file;

(b) Those undergraduate FTE students with successful course completions, identified in division (D)(5)(a) of this section, that are defined as at-risk based on academic under-preparation or financial status shall have their eligible completions weighted by the following:

(i) Institution-specific course completion indexes, where the indexes are calculated based upon the number of at-risk students enrolled during the 2019-2020, 2020-2021, and 2021-2022 academic years; and

(ii) A statewide average at-risk course completion weight determined for each subsidy model. The statewide average at-risk course completion weight shall be determined by calculating the difference between the percentage of traditional students who complete a course and the percentage of at-risk students who complete the same course.

(c) The course completion earnings shall be determined by multiplying the amounts listed above in divisions (B) and (C) of this section by the subsidy-eligible FTEs for the most recent completed three-year period that is practicable as agreed to by the Inter-University Council and the Chancellor for all models except Medical I and Medical II.

(d) For universities, the Chancellor shall compute the course completion earnings by dividing the appropriation for universities, established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," less the degree attainment funding as calculated in division (D)(1) of this section, less the doctoral set-aside, less the medical I set-aside, and less the medical II set-aside, by the sum of all campuses' instructional costs as calculated in division (D)(5) of this section.

**(E) CALCULATION OF STATE SHARE OF INSTRUCTION
FORMULA ENTITLEMENTS AND ADJUSTMENTS FOR
COMMUNITY COLLEGES**

(1) Of the foregoing appropriation item 235501, State Share of Instruction, 50 per cent of the appropriation for state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for course completion FTEs as aggregated by the subsidy models defined in division (B) of this section.

The course completion funding shall be allocated to campuses in proportion to each campus's share of the total sector's course completions, weighted by the instructional cost of the subsidy models.

To calculate the subsidy entitlements for course completions at community colleges, state community colleges, and technical colleges, the

Chancellor shall use the following calculations:

(a) In calculating each campus's count of FTE course completions, the Chancellor shall use a three-year average for course completions for the three-year period ending in the prior year for students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file.

(b) The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file.

(c) Those students with successful course completions, that are defined as access students based on financial status, minority status, age, or academic under-preparation shall have their eligible course completions weighted by a statewide access weight. The weight given to any student that meets any access factor shall be 15 per cent for all course completions.

(d) The model costs as used in the calculation shall be augmented by the model weights for science, technology, engineering, mathematics, and medicine models as established in division (C) of this section.

(2) Of the foregoing appropriation item 235501, State Share of Instruction, 25 per cent of the appropriation for state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for colleges in proportion to their share of college student success factors.

Student success factors shall be awarded at the institutional level for each subsidy-eligible student that successfully:

(a) Completes a college-level math course within the first 30 hours of completed coursework.

(b) Completes a college-level English course within the first 30 hours of completed coursework.

(c) Completes 12 semester credit hours of college-level coursework.

(d) Completes 24 semester credit hours of college-level coursework.

(e) Completes 36 semester credit hours of college-level coursework.

(3) Of the foregoing appropriation item 235501, State Share of Instruction, 25 per cent of the appropriation for state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025," in each fiscal year shall be reserved for completion milestones.

Completion milestones shall include baccalaureate degrees, associate degrees, technical certificates over 30 credit hours as designated by the Department of Higher Education, and students transferring to any four-year institution with at least 12 credit hours of college-level coursework earned at that community college, state community college, or technical college.

The completion milestone funding shall be allocated to colleges in proportion to each institution's share of the sector's total completion milestones, weighted by the instructional cost of the degree, certificate, or transfer models. Costs for technical certificates over 30 hours shall be weighted at one-half of the associate degree model costs and transfers with at least 12 credit hours of college-level coursework shall be weighted at one-fourth of the average cost for all associate degree model costs.

(4) To calculate the subsidy entitlements for completions at community colleges, state community colleges, and technical colleges, the Chancellor shall use the following calculations:

(a) In calculating each campus's count of completions, the Chancellor shall use a three-year average for completion milestones awarded to students identified as subsidy eligible in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file.

(b) The subsidy eligible completion milestones by model shall equal only those students who successfully complete a baccalaureate or an associate degree, or technical certificate over 30 credit hours, or transfer to any four-year institution with at least 12 credit hours of college-level coursework as defined and reported in the Higher Education Information (HEI) system. Student completions reported in HEI shall have an accompanying course enrollment record in order to be subsidy eligible.

(c) Those students with successful completions for baccalaureate or associate degrees, technical certificates over 30 credit hours, or transfer to any four-year institution with at least 12 credit hours of college-level coursework, identified in division (E)(3) of this section, that are defined as access students based on financial status, minority status, age, or academic under-preparation shall have their eligible completions weighted by a statewide access weight. The weight shall be 25 per cent for students with one access factor, 66 per cent for students with two access factors, 150 per cent for students with three access factors, and 200 per cent for students with four access factors.

(d) For those students who complete more than one completion milestone, funding for each additional degree or technical certificate over 30 credit hours designated as such by the Department of Higher Education shall be funded at 50 per cent of the model costs as defined in division (E)(3) of

this section.

(5) For purposes of the calculations made in division (E) of this section, the Chancellor shall only include subsidy-eligible students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file. The Chancellor shall be prohibited from including nonresident students as subsidy-eligible except for those students otherwise identified as subsidy-eligible in division (A)(2) of this section.

(F) CAPITAL COMPONENT DEDUCTION

After all other adjustments have been made, state share of instruction earnings shall be reduced for each campus by the amount, if any, by which debt service charged in H.B. 16 of the 126th General Assembly, H.B. 699 of the 126th General Assembly, H.B. 496 of the 127th General Assembly, and H.B. 562 of the 127th General Assembly for that campus exceeds that campus's capital component earnings. The sum of the amounts deducted shall be transferred to appropriation item 235552, Capital Component, in each fiscal year.

(G) EXCEPTIONAL CIRCUMSTANCES

Adjustments may be made to the state share of instruction payments and other subsidies distributed by the Chancellor to state colleges and universities for exceptional circumstances. No adjustments for exceptional circumstances may be made without the recommendation of the Chancellor and the approval of the Controlling Board.

(H) APPROPRIATION REDUCTIONS TO THE STATE SHARE OF INSTRUCTION

The standard provisions of the state share of instruction calculation as described in the preceding sections of temporary law shall apply to any reductions made to appropriation item 235501, State Share of Instruction, before the Chancellor has formally approved the final allocation of the state share of instruction funds for any fiscal year.

Any reductions made to appropriation item 235501, State Share of Instruction, after the Chancellor has formally approved the final allocation of the state share of instruction funds for any fiscal year, shall be uniformly applied to each campus in proportion to its share of the final allocation.

(I) DISTRIBUTION OF STATE SHARE OF INSTRUCTION

The state share of instruction payments to the institutions shall be in substantially equal monthly amounts during the fiscal year, unless otherwise determined by the Director of Budget and Management pursuant to section 126.09 of the Revised Code. Payments during the first six months of the fiscal year may be based upon the state share of instruction appropriation

estimates made for the various institutions of higher education, and payments during the last six months of the fiscal year may be based on the final data from the Chancellor. If agreed to by the Chancellor and the Inter-University Council, payments to universities in each month of a fiscal year shall be based on final data in the higher education information system for the selected three-year period that is acceptable to both parties.

SECTION 381.250. STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2024 AND 2025

(A) The foregoing appropriation item 235501, State Share of Instruction, shall be distributed according to the section of this act entitled "STATE SHARE OF INSTRUCTION FORMULAS."

(1) Of the foregoing appropriation item 235501, State Share of Instruction, \$484,972,000 in fiscal year 2024 and \$491,887,000 in fiscal year 2025 shall be distributed to state-supported community colleges, state community colleges, and technical colleges.

(2) Of the foregoing appropriation item 235501, State Share of Instruction, \$1,611,732,372 in fiscal year 2024 and \$1,627,864,939 in fiscal year 2025 shall be distributed to state-supported university main and regional campuses.

(B) Any increases in the amount distributed to an institution from appropriation item 235501, State Share of Instruction, above the prior year may be used by the institution to provide need-based aid and to provide counseling, support services, and workforce preparation services to students.

TRANSFER TO OPPORTUNITIES FOR OHIOANS WITH DISABILITIES AGENCY

Notwithstanding any provision of law to the contrary, upon the request of the Chancellor of Higher Education, the Director of Budget and Management may transfer \$2,000,000 in appropriations in each fiscal year from appropriation item 235501, State Share of Instruction, to the Opportunities for Ohioans with Disabilities Agency for the College2Careers Program. Amounts transferred are hereby appropriated.

SECTION 381.260. RESTRICTION ON FEE INCREASES

(A) In fiscal years 2024 and 2025, the boards of trustees of state institutions of higher education shall restrain increases in in-state undergraduate instructional and general fees.

(1) For the 2023-2024 and 2024-2025 academic years, all of the following shall apply:

(a) Each state university or college, as defined in section 3345.12 of the Revised Code, and university regional campus shall not increase its in-state undergraduate instructional and general fees over what the institution charged for the previous academic year.

(b) Each community college established under Chapter 3354., state community college established under Chapter 3358., or technical college established under Chapter 3357. of the Revised Code may increase its in-state undergraduate instructional and general fees by not more than five dollars per credit hour over what the institution charged for the previous academic year.

(c) For state institutions of higher education, as defined in section 3345.011 of the Revised Code, increases for all other special fees, including the creation of new special fees, shall be subject to the approval of the Chancellor of Higher Education.

(2) The limitations under division (A)(1) of this section do not apply to student health insurance, fees for auxiliary goods or services provided to students at the cost incurred to the institution, fees assessed to students as a pass-through for licensure and certification examinations, fees in elective courses associated with travel experiences, elective service charges, fines, and voluntary sales transactions.

(B) The limitations under this section shall not apply to increases required to comply with institutional covenants related to their obligations or to meet unfunded legal mandates or legally binding obligations incurred or commitments made prior to the effective date of this section with respect to which the institution had identified such fee increases as the source of funds. Any increase required by such covenants and any such mandates, obligations, or commitments shall be reported by the Chancellor to the Controlling Board. These limitations may also be modified by the Chancellor, with the approval of the Controlling Board, to respond to exceptional circumstances as identified by the Chancellor.

(C) Institutions offering an undergraduate tuition guarantee pursuant to section 3345.48 of the Revised Code may increase instructional and general fees pursuant to that section.

SECTION 381.270. HIGHER EDUCATION - BOARD OF TRUSTEES

(A) Funds appropriated for instructional subsidies at colleges and universities may be used to provide such branch or other off-campus undergraduate courses of study and such master's degree courses of study as may be approved by the Chancellor of Higher Education.

(B) In providing instructional and other services to students, boards of

trustees of state institutions of higher education shall supplement state subsidies with income from charges to students. Except as otherwise provided in this act, each board shall establish the fees to be charged to all students, including an instructional fee for educational and associated operational support of the institution and a general fee for noninstructional services, including locally financed student services facilities used for the benefit of enrolled students. The instructional fee and the general fee shall encompass all charges for services assessed uniformly to all enrolled students. Each board may also establish special purpose fees, service charges, and fines as required; such special purpose fees and service charges shall be for services or benefits furnished individual students or specific categories of students and shall not be applied uniformly to all enrolled students. A tuition surcharge shall be paid by all students who are not residents of Ohio.

The board of trustees of a state institution of higher education shall not authorize a waiver or nonpayment of instructional fees or general fees for any particular student or any class of students other than waivers specifically authorized by law or approved by the Chancellor. This prohibition is not intended to limit the authority of boards of trustees to provide for payments to students for services rendered the institution, nor to prohibit the budgeting of income for staff benefits or for student assistance in the form of payment of such instructional and general fees.

Each board may authorize a lower differential tuition rate of instructional or general fees equal to the default rate options provided under the College Credit Plus Program pursuant to Chapter 3365. of the Revised Code or equal to rates established pursuant to an agreement for an alternative payment structure pursuant to section 3365.07 of the Revised Code for nonpublic and home schooled students participating in that program that are not publicly funded. Each board may establish a lower differential tuition rate for in-state undergraduate instructional fees or general fees for students enrolled exclusively in online courses, as well as a lower differential tuition rate for the surcharge for nonresidents enrolled exclusively in online courses, provided a surcharge is still assessed.

Each state institution of higher education in its statement of charges to students shall separately identify the instructional fee, the general fee, the tuition charge, and the tuition surcharge. Fee charges to students for instruction shall not be considered to be a price of service but shall be considered to be an integral part of the state government financing program in support of higher educational opportunity for students.

(C) The boards of trustees of state institutions of higher education shall

ensure that faculty members devote a proper and judicious part of their work week to the actual instruction of students. Total class credit hours of production per academic term per full-time faculty member is expected to meet the standards set forth in the budget data submitted by the Chancellor.

(D) The authority of government vested by law in the boards of trustees of state institutions of higher education shall in fact be exercised by those boards. Boards of trustees may consult extensively with appropriate student and faculty groups. Administrative decisions about the utilization of available resources, about organizational structure, about disciplinary procedure, about the operation and staffing of all auxiliary facilities, and about administrative personnel shall be the exclusive prerogative of boards of trustees. Any delegation of authority by a board of trustees in other areas of responsibility shall be accompanied by appropriate standards of guidance concerning expected objectives in the exercise of such delegated authority and shall be accompanied by periodic review of the exercise of this delegated authority to the end that the public interest, in contrast to any institutional or special interest, shall be served.

SECTION 381.280. WAR ORPHANS AND SEVERELY DISABLED VETERANS' CHILDREN SCHOLARSHIPS

The foregoing appropriation item 235504, War Orphans and Severely Disabled Veterans' Children Scholarships, shall be used to reimburse state institutions of higher education for waivers of instructional fees and general fees provided by them, to provide grants to institutions that have received a certificate of authorization from the Chancellor of Higher Education under Chapter 1713. of the Revised Code, in accordance with the provisions of section 5910.04 of the Revised Code, and to fund additional scholarship benefits provided by section 5910.032 of the Revised Code.

During each fiscal year, the Chancellor, as soon as possible after cancellation, may certify to the Director of Budget and Management the amount of canceled prior-year encumbrances in appropriation item 235504, War Orphans and Severely Disabled Veterans' Children Scholarships. Upon receipt of the certification, the Director of Budget and Management may transfer cash, up to the certified amount, from the General Revenue Fund to the War Orphans and Severely Disabled Veterans' Children Scholarship Reserve Fund (Fund 5PW0).

SECTION 381.290. STATE SHARE OF INSTRUCTION RECONCILIATION

By the first day of September in each fiscal year, or as soon as possible thereafter, the Chancellor of Higher Education shall certify to the Director of Budget and Management the amount necessary to pay any outstanding prior-year obligations to higher education institutions under the State Share of Instruction formulas, as determined by the Chancellor. Notwithstanding any provisions of law to the contrary, the Director of Budget and Management, upon the request of the Chancellor, may transfer cash in an amount up to the amounts certified for State Share of Instruction reconciliation from the State Financial Aid Reconciliation Fund (Fund 5Y50) to the General Revenue Fund. The amounts certified for State Share of Instruction reconciliation are hereby appropriated to appropriation item 235505, State Share of Instruction Reconciliation.

SECTION 381.300. OHIOLINK

The foregoing appropriation item 235507, OhioLINK, shall be used by the Chancellor of Higher Education to support OhioLINK, a consortium organized under division (T) of section 3333.04 of the Revised Code to serve as the state's electronic library information and retrieval system, which provides access statewide to an extensive set of electronic databases and resources, the library holdings of Ohio's public and participating private nonprofit colleges and universities, and the State Library of Ohio.

SECTION 381.310. AIR FORCE INSTITUTE OF TECHNOLOGY

(A) Of the foregoing appropriation item 235508, Air Force Institute of Technology, \$75,000 in each fiscal year shall be allocated to the Aerospace Professional Development Center in Dayton for statewide workforce development services in the aerospace industry.

(B) The remainder of the foregoing appropriation item 235508, Air Force Institute of Technology, shall be used to do both of the following:

(1) Strengthen the research and educational linkages between the Wright Patterson Air Force Base and institutions of higher education in Ohio; and

(2) Support the Defense Associated Graduate Student Innovators, an engineering graduate consortium of Wright State University, the University of Dayton, and the Air Force Institute of Technology, with the participation of the University of Cincinnati and The Ohio State University.

SECTION 381.320. OHIO SUPERCOMPUTER CENTER

The foregoing appropriation item 235510, Ohio Supercomputer Center,

shall be used by the Chancellor of Higher Education to support the operation of the Ohio Supercomputer Center, a consortium organized under division (T) of section 3333.04 of the Revised Code, located at The Ohio State University. The Ohio Supercomputer Center is a statewide resource available to Ohio research universities both public and private. It is also intended that the center be made accessible to private industry as appropriate.

The Ohio Supercomputer Center's services shall support Ohio's colleges, universities, and businesses to make Ohio a leader in using computational science, modeling, and simulation to promote higher education, research, and economic competitiveness.

SECTION 381.330. THE OHIO STATE UNIVERSITY EXTENSION SERVICE

LOCAL JAIL GRANTS

The foregoing appropriation item 501505, Local Jail Grants, shall be used for the construction and renovation of county jails. The Department of Rehabilitation and Correction shall designate the projects involving the construction and renovation of county jails.

To determine which projects will receive funding, the Department of Rehabilitation and Correction shall rank each county based on its financial need with a percentile ranking using the following funding formula, as calculated by the Department of Taxation:

The Department of Taxation shall determine the total value of all property in the county listed and assessed for taxation on the tax list as reported by the Department of Taxation in the preceding tax year, and list each county in order of total value, ascending, so that the county with the lowest value is number one on the list, which shall be called its property tax ranking.

The Department of Taxation also shall rank each county based on the estimate of the gross amount of taxable retail sales sourced to the county as reported by the Department for the preceding calendar year, computed by dividing the total amount of tax revenue received by the county during that period from taxes levied under sections 5739.021, 5739.026, 5741.021, and 5741.023 of the Revised Code by the aggregate tax rate levied by the county under sections 5739.021 and 5739.026 of the Revised Code on the last day

of the preceding calendar year, and list each county in order of total value, ascending, so that the county with the lowest value is number one on the list, except that any county that does not currently levy taxes under section 5739.021 or 5739.026 of the Revised Code shall be ranked at number eighty-eight on the list, which ranking shall be called its sales tax ranking.

The Department of Taxation shall then, for each county, add the property tax ranking to the sales tax ranking, and shall order the counties according to the sum of the two rankings, the county with the lowest sum being number one on the list, to determine the county's final ranking. The percentile ranking shall be determined by taking the county's final ranking, dividing it by eighty-eight, and multiplying it by one hundred.

If the final ranking is the same for two or more counties, the county with the lowest population shall receive the lowest final ranking. The final ranking for the counties shall be numbers one through eighty-eight, the lowest ranking county being number one, and the highest number eighty-eight.

Upon receiving the final rankings, the Department of Rehabilitation and Correction shall select a number of counties among the lowest ranking counties and invite the selected counties to apply for assistance. Two or more counties may jointly apply for assistance as long as at least one of the counties was invited to apply.

The Department of Rehabilitation and Correction shall adopt guidelines to accept and review applications and designate projects. The guidelines shall require the county or counties to justify the need for the project and to comply with timelines for the submission of documentation pertaining to the project and project location.

Upon the application of a county so invited, the Department of Rehabilitation and Correction shall proceed with a needs assessment.

Under a needs assessment, the Department shall make a determination of all of the following:

- (1) The need of the county for additional jail facilities, or for renovations or improvements to existing jail facilities, based on whether and to what extent existing facilities comply with the standards in section 5120.10 of the Revised Code, including the age and condition of the jail facilities;
- (2) The number of jail facilities to be included in a project;
- (3) The estimated annual, monthly, or daily cost of operating the facility once it is operational, as reported and certified by the county auditor;
- (4) The estimated basic project cost of constructing, acquiring, reconstructing, or making additions to each facility;

(5) Whether the county has recently received a grant from the state to construct or renovate jail facilities.

The Department, following the completion of a needs assessment, shall make a determination in favor of constructing, acquiring, reconstructing, or making additions to a jail facility only upon evidence that the proposed project conforms to the construction and renovation standards described in divisions (D) and (E) of section 5120.10 of the Revised Code, and that it keeps with the needs of the county or counties as determined by the needs assessment. Exceptions shall be authorized only in those areas where topography, sparsity of population, and other factors make larger jail facilities impracticable.

Except as otherwise provided in this section, the portion of the basic project cost supplied by the state for each approved county shall be the difference between one hundred per cent, and a per cent equal to one per cent of the basic project costs times the percentile in which the county ranks according to the percentile ranking under this section, for the fiscal year preceding the fiscal year in which the Department approved the county's or counties' project.

At no time shall the state's portion of the basic project cost be less than twenty-five per cent of the total basic project cost. If a county's portion of the basic project cost is calculated to be greater than seventy-five per cent of the total basic project cost, the county's portion shall be seventy-five per cent of the basic project cost. In the case of a multicounty jail facility, if the sum of two or more counties' portions of the total basic project cost are calculated to be greater than seventy-five per cent of the total basic project cost, the counties' portions shall be determined pro rata, so that the sum of their portions shall be equal to seventy-five per cent of the total basic project cost.

The Department of Rehabilitation and Correction shall award the funds to selected counties no later than July 1, 2024.

The Department of Children and Youth, in coordination with the Department of Education and Workforce, shall distribute the remainder of appropriation item 830407, Early Childhood Education, to pay the costs of early childhood education programs. The Department shall distribute such funds directly to qualifying providers.

(A) As used in this section:

(1) "Provider" means a city, local, exempted village, or joint vocational school district; an educational service center; a community school established under Chapter 3314. of the Revised Code that is sponsored by an exemplary rated sponsor; notwithstanding anything to the contrary in Chapter 3326. of the Revised Code, a STEM school that is established under that chapter; a chartered nonpublic school; an early childhood education child care provider licensed under Chapter 5104. of the Revised Code that participates in and meets at least the third highest tier of the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code; or a combination of entities described in this paragraph.

(2) In the case of a city, local, or exempted village school district or early childhood education child care provider licensed under Chapter 5104. of the Revised Code, "new eligible provider" means a provider that did not receive state funding for Early Childhood Education in the previous fiscal

year or demonstrates a need for early childhood programs as defined in division (D) of this section.

(3) In the case of a community school, "new eligible provider" means either of the following:

(a) A community school established under Chapter 3314. of the Revised Code that is sponsored by a sponsor rated "exemplary" in accordance with section 3314.016 of the Revised Code that offers a child care program in accordance with sections 3301.50 to 3301.59 of the Revised Code that did not receive state funding for Early Childhood Education in the previous fiscal year;

(b) A community school established under Chapter 3314. of the Revised Code that satisfies all of the following criteria:

(i) It has received, on its most recent report card, either of the following:

(I) If the school offers any of grade levels four through twelve, a performance rating of three stars or higher for achievement under division (D)(3)(b) of section 3302.03 of the Revised Code and progress under division (D)(3)(c) of section 3302.03 of the Revised Code;

(II) If the school does not offer a grade level higher than three, a performance rating of three stars or higher for early literacy under division (D)(3)(e) of section 3302.03 of the Revised Code.

(ii) It offers a child care program in accordance with sections 3301.50 to 3301.59 of the Revised Code.

(iii) It did not receive state funding for Early Childhood Education in the previous fiscal year.

(4) "Eligible child" means a child who is at least three years of age, is not of the age to be eligible for kindergarten, and whose family earns not more than two hundred per cent of the federal poverty guidelines as defined in division (A)(3) of section 5101.46 of the Revised Code. Children with an Individualized Education Program and where the Early Childhood Education program is the least restrictive environment may be enrolled on their third birthday.

(5) "Early learning program standards" means early learning program standards for school readiness developed by the Department to assess the operation of Children and Youth programs.

(6) "Children and Youth programs" has the same meaning as in section 5104.29 of the Revised Code.

(B) In each fiscal year, up to two per cent of the total appropriation may be used by the Department for program support and technical assistance. The Department shall distribute the remainder of the appropriation in each fiscal year to serve eligible children.

(C) The Department of Children and Youth shall provide an annual report to the Governor, the Speaker of the House of Representatives, and the President of the Senate and post the report to the Department's web site, regarding early childhood education programs operated under this section and the early learning program standards.

(D) After setting aside the amounts to make payments due from the previous fiscal year, in fiscal year 2024, the Department shall distribute funds first to recipients of funds for early childhood education programs under Section 265.20 of H.B. 110 of the 134th General Assembly in the previous fiscal year and the balance to new eligible providers of early childhood education programs or to existing providers to serve more eligible children pursuant to division (E) of this section or for purposes of program expansion, improvement, or special projects to promote quality and innovation, including piloting all-day programming.

After setting aside the amounts to make payments due from the previous fiscal year, in fiscal year 2025, the Department shall distribute funds first to providers of early childhood education programs under this section in the previous fiscal year and the balance to new eligible providers or to existing providers to serve more eligible children as outlined under division (E) of this section or for purposes of program expansion, improvement, or special projects to promote quality and innovation, including piloting all-day programming.

(E)(1) The Department shall distribute any new or remaining funding to existing providers of early childhood education programs or any new eligible providers in an effort to invest in high quality early childhood programs where there is a need as determined by the Department. The Department shall distribute the new or remaining funds to existing providers of early childhood education programs or any new eligible providers to serve additional eligible children based on community economic disadvantage, limited access to high quality preschool or childcare services, and demonstration of high quality preschool services.

(2) Awards under divisions (D) and (E) of this section shall be distributed on a per-pupil basis, and in accordance with division (I) of this section. The Department may adjust the per-pupil amount so that the per-pupil amount multiplied by the number of eligible children enrolled and receiving services on the first day of December or the business day closest to that date equals the amount allocated under this section.

(F) Funds awarded under this section must be used to support expenses directly related to the operation of an early childhood education program. Costs for developing and administering an early childhood education

program may not exceed fifteen per cent of the total approved costs of the program.

All providers shall maintain such fiscal control and accounting procedures as may be necessary to ensure the disbursement of, and accounting for, these funds. The control of funds provided in this program, and title to property obtained, shall be under the authority of the approved provider for purposes provided in the program unless, as described in division (K) of this section, the program waives its right for funding or a program's funding is eliminated or reduced due to its inability to meet financial or early learning program standards. The approved provider shall administer and use such property and funds for the purposes specified.

(G) The Department may examine a provider's financial and program records. If the financial practices of the program are not in accordance with standard accounting principles or do not meet financial standards outlined under division (F) of this section, or if the program fails to substantially meet the early learning program standards, meet a quality rating level in the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code as prescribed by the Department, or exhibits below average performance as measured against the standards, the early childhood education program shall propose and implement a corrective action plan that has been approved by the Department. The approved corrective action plan shall be signed by the chief executive officer and the executive of the official governing body of the provider. The corrective action plan shall include a schedule for monitoring by the Department. Such monitoring may include monthly reports, inspections, a timeline for correction of deficiencies, and technical assistance to be provided by the Department or obtained by the early childhood education program. The Department may withhold funding pending corrective action. If an early childhood education program fails to satisfactorily complete a corrective action plan, the Department may deny expansion funding to the program or withdraw all or part of the funding to the program and establish a new eligible provider through a selection process established by the Department.

(H)(1) If the early childhood education program is not highly rated, as determined by the Director of Children and Youth, under the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code, the program shall do all of the following:

(a) Meet teacher qualification requirements prescribed by section 3301.311 of the Revised Code;

(b) Align curriculum to the early learning content standards developed by the Department;

(c) Meet any child or program assessment requirements prescribed by the Department;

(d) Require teachers, except teachers enrolled and working to obtain a degree pursuant to section 3301.311 of the Revised Code, to attend a minimum of twenty hours every two years of professional development as prescribed by the Department;

(e) Document and report child progress as prescribed by the Department;

(f) Meet and report compliance with the early learning program standards as prescribed by the Department;

(g) Participate in the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code.

(2) If the program is highly rated, as determined by the Director of Children and Youth, under the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code, the program shall comply with the requirements of that program.

(I) Per-pupil funding for programs subject to this section shall be sufficient to provide eligible children with services for a standard early childhood schedule which shall be defined in this section as a minimum of twelve and one-half hours per school week as defined in section 3313.62 of the Revised Code for the minimum school year as defined in sections 3313.48, 3313.481, and 3313.482 of the Revised Code. Nothing in this section shall be construed to prohibit program providers from utilizing other funds to serve eligible children in programs that exceed the twelve and one-half hours per week or that exceed the minimum school year. For any provider for which a standard early childhood education schedule creates a hardship or for which the provider shows evidence that the provider is working in collaboration with a preschool special education program, the provider may submit a waiver to the Department requesting an alternate schedule. If the Department approves a waiver for an alternate schedule that provides services for less time than the standard early childhood education schedule, the Department may reduce the provider's annual allocation proportionately. Under no circumstances shall an annual allocation be increased because of the approval of an alternate schedule.

(J) Each provider shall develop a sliding fee scale based on family incomes and shall charge families who earn more than two hundred per cent of the federal poverty guidelines, as defined in division (A)(3) of section 5101.46 of the Revised Code, for the early childhood education program.

The Department shall conduct an annual survey of each provider to determine whether the provider charges families tuition or fees, the amount

families are charged relative to family income levels, and the number of families and students charged tuition and fees for the early childhood program.

(K) If an early childhood education program voluntarily waives its right for funding, or has its funding eliminated for not meeting financial standards or the early learning program standards, the provider shall transfer control of title to property, equipment, and remaining supplies obtained through the program to providers designated by the Department and return any unexpended funds to the Department along with any reports prescribed by the Department. The funding made available from a program that waives its right for funding or has its funding eliminated or reduced may be used by the Department for new grant awards or expansion grants. The Department may award new grants or expansion grants to eligible providers who apply. The eligible providers who apply must do so in accordance with the selection process established by the Department.

(L) Eligible expenditures for the Early Childhood Education Program shall be claimed each fiscal year to help meet the state's TANF maintenance of effort requirement. The Director of Education and Workforce, Director of Children and Youth, and the Director of Job and Family Services shall enter into an interagency agreement to carry out the requirements under this division, which shall include developing reporting guidelines for these expenditures.

(M)(1) The Department of Children and Youth and the Department of Job and Family Services shall continue to work toward establishing the following in common between early childhood education programs and publicly funded child care:

- (a) An application;
- (b) Program eligibility;
- (c) Funding;
- (d) An attendance policy;
- (e) An attendance tracking system.

(2) In accordance with section 5104.34 of the Revised Code, eligible families may receive publicly funded child care beyond the standard early childhood schedule defined in division (I) of this section.

(3) All providers, agencies, and school districts participating in the early childhood education program or providing care to eligible families beyond the standard early childhood schedule shall follow the common policies established under this section.

The Director of Children and Youth, in consultation and coordination with the Director of Job and Family Services shall adopt rules, in accordance with section 111.15 of the Revised Code, to determine the amount of local funds each county must contribute to the children services fund based on past contributions. (E) Each amount transferred to the flexible funding pool from a specific allocation shall be approved for transfer by the director of the local agency that was the original recipient of the allocation.

The directors or their designees shall develop a detailed organizational plan to implement the transfer of children's services duties, functions, programs, and staff to the Department of Children and Youth by January 1, 2025.

The directors shall enter into a memorandum of understanding with the Director of the Department of Children and Youth to transfer all duties, functions, programs, and staff resources as recommended by the directors.

(C) Any business commenced but not completed by January 1, 2025,

within the departments identified in division (B) of this section that is planned to be transferred pursuant to this section shall be completed by the Department of Children and Youth or its Director in the same manner and with the same effect as if completed by the identified departments.

(D) The Director of Children and Youth and the Directors of the Departments of Job and Family Services, Education and Workforce, Health, Developmental Disabilities, Medicaid, Mental Health and Addiction Services, and Development may jointly or separately enter into one or more contracts with public or private entities for staff training and development to facilitate the transfer of the duties, functions, programs, and staff resources to the Department of Children and Youth. Division (B) of section 127.16 of the Revised Code does not apply to contracts entered into under this division.

(E) All employees and staff resources identified by the workgroup in division (B) of this section are transferred to the Department of Children and Youth on January 1, 2025, or on an earlier date identified by the directors of the respective departments under division (B) of this section. Subject to the lay-off provisions of sections 124.321 to 124.381 of the Revised Code, employees who are transferred retain their same positions and all benefits accruing thereto. Once transferred to the Department of Children and Youth, changes to positions or benefits for employees not subject to Chapter 4117. of the Revised Code shall be controlled by Chapter 124. of the Revised Code, or other applicable Revised Code or Administrative Code sections.

(2) The authority granted under division (E)(1) of this section includes assigning or reassigning an exempt employee, as defined in section 124.152 of the Revised Code, to a bargaining unit classification if the Director of Children and Youth determines that the bargaining unit classification is the proper classification for that employee. If an employee in the E-1 pay range is to be assigned, reassigned, classified, reclassified, transferred, reduced, or demoted to a position in a lower classification, the Director of Children and Youth or in the case of a position transferred outside of the Department, the Director of Administrative Services, shall assign the employee to the appropriate classification and place the employee in Step X. The employee shall not receive any increase in compensation until the maximum rate of

pay for that classification exceeds the employee's compensation.

(3) Actions taken under division (E) of this section are not subject to appeal to the State Personnel Board of Review.

(F) Notwithstanding sections 4117.08 and 4117.10 of the Revised Code, the creation of the Department of Children and Youth, the transfer of programs and employees under this section, and the reassignment of certain functions and duties, are not appropriate subjects for collective bargaining under Chapter 4117. of the Revised Code.

(G) Notwithstanding section 145.297 of the Revised Code, the Directors of the Departments of Job and Family Services, Education and Workforce, Health, Developmental Disabilities, Medicaid, Mental Health and Addiction Services, and Development may, with the approval of the Office of Budget and Management, establish a retirement incentive plan for eligible employees of those agencies who are members of the Public Employee Retirement System whose job duties will be transferred to the Department of Children and Youth. Any retirement incentive plan established pursuant to this section shall remain in effect until December 31, 2024.

(H) No validation, cure, right, privilege, remedy, obligation, or liability is lost or impaired by reason of the transfer required by this section but shall be administered by the Department of Children and Youth. No action or proceeding pending on the effective date of the transfer of duties, functions, and programs to the Department is affected by the transfer, and shall be prosecuted or defended in the name of the Department or Director, as appropriate. In all such actions for those transferred duties, functions, and programs, the Department or Director shall be substituted as a party.

(I) Effective January 1, 2025, or on an earlier date determined by the directors under division (B) of this section, all records, documents, files, equipment, assets, and other materials of the programs and staff resources transferred under this section are transferred to the Department of Children and Youth.

(J) All rules, orders, and determinations made or undertaken related to children's services programs transferred to the Department of Children and Youth shall continue in effect as rules, orders, and determinations of the Department until modified or rescinded by the Department of Children and Youth. On and after January 1, 2025, if necessary to ensure the integrity of the numbering of the Administrative Code, the Director of the Legislative Service Commission shall renumber the rules related to children's services programs transferred to the Department of Children and Youth to reflect this transfer.

(K) Notwithstanding any provision of sections 121.95 to 121.953 of the

Revised Code to the contrary, all of the following apply:

(1) Before January 1, 2025, the Directors of Job and Family Services, Education and Workforce, Health, Developmental Disabilities, Medicaid, Mental Health and Addiction Services, and Development shall, with respect to rules related to children's services programs, reduce the total number of regulatory restrictions identified in their base inventories prepared under section 121.95 of the Revised Code by the percentage reduction the state agency is required to achieve under section 121.951 of the Revised Code, subject to any lessened required reductions under section 121.952 of the Revised Code.

(2) With respect to all rules transferred to the Department of Children and Youth on and after January 1, 2025, and all rules adopted by the Department thereafter, the Department shall comply with sections 121.95 to 121.953 of the Revised Code.

(3) The Joint Committee on Agency Rule Review shall include regulatory restrictions in rules transferred to or adopted by the Department of Children and Youth, minus any reductions achieved by the Department between January 1, 2025, and June 30, 2025, when calculating the number of regulatory restrictions permitted in this state under section 121.953 of the Revised Code.

(4) The Directors of Job and Family Services, Education and Workforce, Health, Developmental Disabilities, Medicaid, Mental Health and Addiction Services, and Development shall not treat the transfer of a rule containing a regulatory restriction to the Department of Children and Youth as a reduction in regulatory restrictions for purposes of satisfying the reduction requirements in sections 121.95 to 121.953 of the Revised Code.

(L) Notwithstanding any provision of law to the contrary, on or after the effective date of this section, the Director of Budget and Management shall make budget and accounting changes to implement the transfer of duties, functions, and programs to the Department of Children and Youth as described in this section, including administrative organization, program transfers, renaming of funds, creation of new funds, transfer of state funds, and consolidation of funds. The Director may, if necessary, cancel or establish encumbrances or parts of encumbrances in fiscal years 2024 and 2025 in the appropriate funds and appropriation items for the same purposes and for payment to the same vendor. Such encumbrances are hereby appropriated. If necessary for the continued efficient administration of children's services programs and appropriations provided in Section 423.10 of this act, the Director of Budget and Management may transfer appropriations between the Department of Children and Youth, and the

Departments of Job and Family Services, Education and Workforce, Health, Developmental Disabilities, Medicaid, Mental Health and Addiction Services, and Development to continue levels of program services and efficiently deliver state funding to those programs as appropriated herein.

SECTION 503.20. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE

Except as otherwise provided in this section, an appropriation in this act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization does not apply to appropriations to be applied to or used for payment of guarantees by or on behalf of the state, or for payments under lease agreements relating to, or debt service on, bonds, notes, or other obligations of the state. Notwithstanding any other statute to the contrary, this authorization includes appropriations from funds into

Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, and is not intended to waive or compromise any defense or right available to the state in any suit against it.

SECTION 503.30. CAPITAL PROJECT SETTLEMENTS

This section specifies an additional and supplemental procedure to provide for payments of judgments and settlements if the Director of Budget and Management determines, pursuant to division (C)(4) of section 2743.19 of the Revised Code, that sufficient unencumbered moneys do not exist in the fund to support a particular appropriation to pay the amount of a final judgment rendered against the state or a state agency, including the settlement of a claim approved by a court, in an action upon and arising out of a contractual obligation for the construction or improvement of a capital facility if the costs under the contract were payable in whole or in part from a state capital projects appropriation. In such a case, the Director may either proceed pursuant to division (C)(4) of section 2743.19 of the Revised Code or apply to the Controlling Board to increase an appropriation or create an appropriation out of any unencumbered moneys in the state treasury to the credit of the capital projects fund from which the initial state appropriation was made. The amount of an increase in appropriation or new appropriation approved by the Controlling Board is hereby appropriated from the applicable capital projects fund and made available for the payment of the judgment or settlement.

If the Director does not make the application authorized by this section or the Controlling Board disapproves the application, and the Director does not make application under division (C)(4) of section 2743.19 of the Revised Code, the Director shall for the purpose of making that payment make a request to the General Assembly as provided for in division (C)(5) of that section.

(1) For an encumbrance for personal services, maintenance, equipment, or items for resale not otherwise identified in this section, for a period of not more than five months from the end of the fiscal year;

(2) For an encumbrance for an item of special order manufacture not available on state contract or an item not available in the open market, for a period of not more than five months from the end of the fiscal year or, with the written approval of the Director of Budget and Management, for a period of not more than twelve months from the end of the fiscal year;

(3) For an encumbrance for reclamation of land or oil and gas wells, for a period ending when the encumbered appropriation is expended provided such period does not extend beyond the FY 2024 – FY 2025 biennium;

(4) For an encumbrance for any other type of expense not otherwise identified in division (A)(1), (2), or (3) of this section, for such period as the Director approves, provided such period does not extend beyond the FY 2024 - FY 2025 biennium.

(B) Any operating appropriations for which unexpended balances are reappropriated in fiscal year 2024 or fiscal year 2025 pursuant to division (A)(2) of this section shall be reported to the Controlling Board by the Director of Budget and Management by the thirty-first day of December of each year. The report shall include the item, the cost of the item, and the name of the vendor. The report shall be updated on a quarterly basis for encumbrances remaining open.

(C) Upon the expiration of the reappropriation period set out in division (A) of this section, a reappropriation made by this section lapses and the Director of Budget and Management shall cancel the encumbrance of the unexpended reappropriation not later than the end of the weekend following the expiration of the reappropriation period.

(D) If the Controlling Board approved a purchase, that approval remains in effect so long as the appropriation used to make that purchase remains encumbered.

SECTION 503.60. CORRECTION OF ACCOUNTING ERRORS

(A) The Director of Budget and Management may correct accounting errors committed by the staff of the Office of Budget and Management, such as reestablishing encumbrances or appropriations canceled in error, during the cancellation of operating encumbrances in November and of non-operating encumbrances in December.

(B) The Director of Budget and Management may at any time correct accounting errors committed by staff or a state agency or state institution of higher education, as defined in section 3345.011 of the Revised Code, such as reestablishing prior year non-operating encumbrances canceled or modified in error. The reestablished encumbrance amounts are hereby appropriated.

SECTION 503.70. TEMPORARY REVENUE HOLDING

The Director of Budget and Management may create funds in the state treasury solely for the purpose of temporarily holding revenue required to be credited to a fund in the state treasury, whose disposition is not immediately known at the time of receipt. Once identified, the Director shall credit the revenue to the appropriate fund in the state treasury.

Notwithstanding section 153.63 of the Revised Code or any other provision of law to the contrary, upon certification by a director or head of a state agency, in lieu of banks, buildings and loan associations, or other institutions, the Director of Budget and Management may create funds in the state treasury on behalf of an agency when the agency is required by law to detain funds in escrow. All investment earnings of the fund shall be credited to the fund while the detained amounts remain in escrow. The Director of Budget and Management may transfer cash between funds within the state treasury to satisfy escrow requirements.

SECTION 503.80. APPROPRIATIONS RELATED TO CASH TRANSFERS AND RE-ESTABLISHMENT OF ENCUMBRANCES

Any cash transferred by the Director of Budget and Management under section 126.15 of the Revised Code is hereby appropriated. Any amounts necessary to re-establish appropriations or encumbrances under section

126.15 of the Revised Code are hereby appropriated.

SECTION 503.90. TRANSFERS OF THIRD FRONTIER APPROPRIATIONS

The Director of Budget and Management may transfer appropriations between the Third Frontier Research and Development Fund (Fund 7011) and the Third Frontier Research and Development Taxable Bond Fund (Fund 7014) as necessary to maintain the exclusion from the calculation of gross income for federal income taxation purposes under the Internal Revenue Code with respect to obligations issued to fund projects appropriated from the Third Frontier Research and Development Fund (Fund 7011).

The Director may also create new appropriation items within the Third Frontier Research and Development Taxable Bond Fund (Fund 7014) and make transfers of appropriations to them for projects originally funded from appropriations made from the Third Frontier Research and Development Fund (Fund 7011).

SECTION 503.100. INCOME TAX DISTRIBUTION TO COUNTIES

SECTION 503.110. EXPENDITURES AND APPROPRIATION INCREASES APPROVED BY THE CONTROLLING BOARD

Any money that the Controlling Board approves for expenditure or any increase in appropriation that the Controlling Board approves under sections 127.14, 131.35, and 131.39 of the Revised Code or any other provision of law is hereby appropriated for the period ending June 30, 2025.

SECTION 503.120. FUNDS RECEIVED FOR USE OF GOVERNOR'S RESIDENCE

If the Governor's Residence Fund (Fund 4H20) receives payment for use of the residence pursuant to section 107.40 of the Revised Code, the amounts so received are hereby appropriated to appropriation item 100604, Governor's Residence Gift.

SECTION 504.10. GENERAL OBLIGATION DEBT SERVICE PAYMENTS

Certain appropriations are in this act for the purpose of paying debt service and financing costs on general obligation bonds or notes of the state issued pursuant to the Ohio Constitution, Revised Code, and acts of the General Assembly. If it is determined that additional appropriations are necessary for this purpose, such amounts are hereby appropriated.

SECTION 504.20. LEASE RENTAL PAYMENTS FOR DEBT SERVICE

Renewals shall be issued by the State Board of Pharmacy until the transfer is complete, at which time renewals shall be issued by the Division of Marijuana Control.

(E) Any form of medical marijuana approved by the State Board of Pharmacy under section 3796.061 of the Revised Code as it existed immediately prior to the effective date of this section remains approved until that approval is revoked by the Division of Marijuana Control, after giving notice to the petitioner described in section 3796.061 of the Revised Code. The Division shall post notice of that revocation on its web site.

(F)(1) Not later than January 1, 2024, and subject to the layoff provisions of sections 124.321 to 124.328 of the Revised Code, those employees identified and agreed upon by both the executive director of the State Board of Pharmacy and the Director of Commerce who administer the Medical Marijuana Control Program are transferred to the Department of Commerce.

(2) During the period beginning July 1, 2023, and ending January 1, 2024, the Director of Commerce may establish, change, and abolish positions of the Department of Commerce and assign, reassign, classify, reclassify, transfer, reduce, promote, or demote the employees transferred from the State Board of Pharmacy to the Department of Commerce, other than those employees subject to Chapter 4117. of the Revised Code.

(3) The authority granted under division (F)(2) of this section includes assigning or reassigning an exempt employee, as defined in section 124.152 of the Revised Code, to a bargaining unit classification if the Director determines that the bargaining unit classification is the proper classification for that employee. If an employee in the E-1 pay range is to be assigned, reassigned, classified, reclassified, transferred, reduced, or demoted to a position in a lower classification during the period specified in division (F)(2) of this section, the Director of Commerce, or in the case of transfer outside the Department of Commerce, the Director of Administrative

Services, shall assign the employee to the appropriate classification and place the employee in Step X. The employee shall not receive any increase in compensation until the maximum rate of pay for that classification exceeds the employee's compensation. Actions taken by the Director of Commerce under division (F) of this section are not subject to appeal to the State Personnel Board of Review.

(4) Notwithstanding sections 4117.08 and 4117.10 of the Revised Code, the transfer of the Medical Marijuana Control Program from the State Board of Pharmacy to the Department of Commerce and the reassignment of certain functions and duties of the State Board of Pharmacy by this act are not appropriate subjects for collective bargaining under Chapter 4117. of the Revised Code.

(G) The Director of Commerce may enter into one or more contracts with private or government entities for staff training and development to facilitate the transfer of staff and duties related to the Medical Marijuana Control Program from the State Board of Pharmacy to the Department of Commerce. Division (B) of section 127.16 of the Revised Code does not apply to contracts entered into under this section.

(H) Notwithstanding any provision of law to the contrary, the Director of Budget and Management shall make any budget and accounting changes necessary for the transfer of the Medical Marijuana Control Program from the State Board of Pharmacy to the Department of Commerce, including administrative organization, program transfers, the renaming of funds, the creating of new funds, the transfer of state funds and the consolidation of funds. The Director may, if necessary, cancel or establish encumbrances or parts of encumbrances in fiscal years 2024 and 2025 in the appropriate fund and appropriation items for the same purpose and for payment to the same vendor. The established encumbrances are hereby appropriated.

SECTION 525.30. (A) "State schools" means the State School for the Deaf and the State School for the Blind.

(B) On the effective date of this section, all records of the state schools shall be transferred to Ohio Deaf and Blind Education Services established in section 3325.01 of the Revised Code, and all of their other assets and liabilities shall be transferred to Ohio Deaf and Blind Education Services. Ohio Deaf and Blind Education Services is the successor to, and assumes the obligations of, the state schools.

(C) Any business commenced, but not completed by the state schools or their superintendents on the effective date of this section shall be completed by the superintendent of Ohio Deaf and Blind Education Services in the

same manner, and with the same effect, as if completed by the state schools or their superintendents. No validation, cure, right, privilege, remedy, obligation, or liability is lost or impaired by reason of the transfer required under this section.

(D) Subject to the lay-off provisions of sections 124.321 to 124.328 of the Revised Code, all of the employees of the state schools are transferred to Ohio Deaf and Blind Education Services and retain their positions and all of the benefits accruing thereto.

(E) On and after the effective date of this section, pursuant to section 126.15 of the Revised Code, the Director of Budget and Management shall transfer the balance of all appropriations made to the state schools to Ohio Deaf and Blind Education Services.

(F) Wherever the state schools or their superintendents are referred to in any law, contract, or other document, the reference shall be deemed to refer to Ohio Deaf and Blind Education Services or its superintendent, whichever is appropriate.

(G) No action or proceeding pending on the effective date of this section is affected by the transfer, and any such action or proceeding shall be prosecuted or defined in the name of Ohio Deaf and Blind Education Services or its superintendent. In all such actions and proceedings, the superintendent or Ohio Deaf and Blind Education Services, on application to the court, shall be substituted as a party.

SECTION 525.50. The Clean Ohio Council is abolished. All records of the Council shall be transferred to the Department of Development, and all of its other assets and liabilities shall be transferred to the Department of Development. The Department of Development is successor to, and assumes the obligations of, the Clean Ohio Council.

Any business commenced, but not completed by the Clean Ohio Council on the effective date of this section shall be completed by the Director of Development in the same manner, and with the same effect, as if completed by the Clean Ohio Council.
