(C) The Director shall post signs in each construction zone that is utilized under the Pilot Program that indicate that the construction zone is being monitored for speed for purposes of the Pilot Program.

(D) The Director may contract with a third party to implement the Pilot Program.

(E) Nothing in this section shall otherwise impact or impede the enforcement of any violation of any law. An operator of a motor vehicle shall not be cited for any violation of law based solely on information derived from speed cameras used in accordance with this section.

(F) Not later than three months after the termination of the pilot program, the Director shall submit to the President of the Senate, the Speaker of the House of Representatives, and the Governor a report regarding the results of the Road Safety Pilot Program. The Ohio Turnpike and Infrastructure Commission shall conduct a feasibility study for the creation of an interchange allowing access on and off of the Ohio Turnpike at approximately mile marker one hundred near the municipal corporation of Clyde in Sandusky County. The Commission shall assess the approximate cost, any barriers to establishing the interchange, and the benefits to the local community resulting from more immediate access to the Ohio Turnpike.

The Commission shall complete the feasibility study not later than December 31, 2026.

SECTION 820.10. APPROPRIATIONS AND REFERENDUM

In this section, an "appropriation" includes another provision of law in this act that relates to the subject of the appropriation.
