Prior to the expenditure of this additional appropriation, the Deaf and Blind Education Services shall certify to the Director of Budget and Management canceled encumbered amounts up to $103,979 from appropriation item C22107, Renovations and Improvements, and $188,366 from appropriation item C22114, Dormitory Construction.

SECTION 509.01. CERTIFICATION OF AVAILABILITY OF MONEYS

Moneys that require release shall not be expended from any appropriation contained in this act without certification of the Director of Budget and Management that there are sufficient moneys in the state treasury in the fund from which the appropriation is made. Such certification made by the Office of Budget and Management shall be based on estimates of revenue, receipts, and expenses. Nothing in this section limits the authority of the Director of Budget and Management granted in section 126.07 of the Revised Code.

SECTION 509.02. LIMITATION ON USE OF CAPITAL APPROPRIATIONS

The appropriations made in this act, excluding those made from the State Capital Improvement Fund (Fund 7038) and the State Capital Improvements Revolving Loan Fund (Fund 7040) for buildings or structures, including remodeling and renovations, are limited to:

(A) Acquisition of real property or interests in real property;

(B) Buildings and structures, which includes construction, demolition, complete heating and cooling, lighting, and lighting fixtures, and all necessary utilities, ventilating, plumbing, sprinkling, water and sewer systems, when such systems are authorized or necessary;

(C) Architectural, engineering, and professional services expenses directly related to the projects;

(D) Machinery that is necessary to the operation or function of the building or structure at the time of initial acquisition or construction;

(E) Acquisition, development, and deployment of new computer systems, including the integration of existing and new computer systems, but excluding regular or ongoing maintenance or support agreements;

(F) Furniture, fixtures, or equipment that meets all the following criteria:

(1) Is essential in bringing the facility up to its intended use or is necessary for the functioning of the particular facility or project;

(2) Has a unit cost of about $100 or more; and

(3) Has a useful life of five years or more.

Furniture, fixtures, or equipment that is not an integral part of or directly related to the basic purpose or function of a project for which moneys are appropriated shall not be paid for from these appropriations. This paragraph does not apply to appropriation items specifically for furniture, fixtures, or equipment.

SECTION 509.03. CONTINGENCY RESERVE REQUIREMENT

Any request for release of capital appropriations by the Director of Budget and Management or the Controlling Board for projects, the contracts for which are awarded by the Ohio Facilities Construction Commission, shall contain a contingency reserve, the amount of which shall be determined by the Ohio Facilities Construction Commission, for payment of unanticipated project expenses. Any amount deducted from the encumbrance for a contractor's contract as an assessment for liquidated damages shall be added to the encumbrance for the contingency reserve. Contingency reserve funds shall be used to pay costs resulting from unanticipated job conditions, to comply with rulings regarding building and other codes, to pay costs related to errors or omissions in contract documents, to pay costs associated with changes in the scope of work, and to pay the cost of settlements and judgments related to the project.

Any funds remaining upon completion of a project, may, upon approval of the Controlling Board, be released for the use of the institution to which the appropriation was made for another capital facilities project or projects.

SECTION 509.04. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE

Except as otherwise provided in this section, an appropriation contained in this act or in any other act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization does not apply to appropriations that are to be applied to or used for payment of guarantees by or on behalf of the state or for payments under lease agreements relating to or debt service on bonds, notes, or other obligations of the state. Notwithstanding any other section of law to the contrary, this authorization includes appropriations from funds into which proceeds or direct obligations of the state are deposited only to the extent that the judgment, settlement, or administrative award is for or represents capital costs for which the appropriation may otherwise be used and is consistent with the purpose for which any related obligations were issued or entered into. Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, nor is it intended to waive or compromise any defense or right available to the state in any suit against it.

SECTION 509.05. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET AND MANAGEMENT

Notwithstanding section 126.14 of the Revised Code, appropriations for appropriation items C50100, Local Jails, and C50101, Community-Based Correctional Facilities, appropriated from the Adult Correctional Building Fund (Fund 7027) to the Department of Rehabilitation and Correction, and any projects specifically identified for appropriation item C58050, Community Support, shall be released upon the written approval of the Director of Budget and Management. The appropriations from the Public School Building Fund (Fund 7021) and the School Building Program Assistance Fund (Fund 7032) to the Facilities Construction Commission, from the Transportation Building Fund (Fund 7029) to the Department of Transportation, from the Clean Ohio Conservation Fund (Fund 7056), the State Capital Improvement Fund (Fund 7038), and the State Capital Improvements Revolving Loan Fund (Fund 7040) to the Public Works Commission, and from the Underground Parking Garage Operating Fund (Fund 2080) to the Capitol Square Review and Advisory Board shall be released upon presentation of a request to release the funds, by the agency to which the appropriation has been made, to the Director of Budget and Management.

SECTION 509.06. PREVAILING WAGE REQUIREMENT

Except as provided in section 4115.04 of the Revised Code, moneys appropriated or reappropriated by the 136th General Assembly shall not be used for the construction of public improvements, as defined in section 4115.03 of the Revised Code, unless the mechanics, laborers, or workers engaged therein are paid the prevailing rate of wages prescribed in section 4115.04 of the Revised Code. Nothing in this section affects the wages and salaries established for state employees under Chapter 124. of the Revised Code, or collective bargaining agreements entered into by the state under Chapter 4117. of the Revised Code, while engaged on force account work, nor does this section interfere with the use of inmate and patient labor by the state.

SECTION 509.07. AUTHORIZATION OF THE DIRECTOR OF BUDGET AND MANAGEMENT

The Director of Budget and Management shall authorize both of the following:

(A) The initial release of moneys for projects from the funds into which proceeds of direct obligations of the state are deposited; and

(B) The expenditure or encumbrance of moneys from funds into which proceeds of direct obligations are deposited, only after determining to the Director's satisfaction that either of the following applies:

(1) The application of such moneys to the particular project will not negatively affect any exclusion of the interest or interest equivalent on obligations issued to provide moneys to the particular fund from the calculation of gross income for federal income tax purposes under the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C. 1, as amended.

(2) Moneys for the project will come from the proceeds of federally taxable obligations, the interest on which is not so excluded from the calculation of gross income for federal income tax purposes and which have been authorized and issued on that basis by their issuing authority.

In the event the Director determines that the condition set forth in division (B)(1) of this section does not apply, and that there is no existing fund in the state treasury to enable compliance with the condition set forth in division (B)(2) of this section, the Director may create a fund in the state treasury for the purpose of receiving proceeds of federally taxable obligations. The Director may establish capital appropriation items in that taxable bond fund that correspond to the preexisting capital appropriation items in the associated tax-exempt bond fund. The Director also may transfer capital appropriations in whole or in part between the taxable and tax-exempt bond funds within a particular purpose for which the bonds have been authorized.

SECTION 509.08. ACCOUNTING MAINTENANCE BY THE DIRECTOR OF BUDGET AND MANAGEMENT

Within the limits set forth in this act, the Director of Budget and Management shall establish accounts indicating the source and amount of funds for each appropriation made in this act, and shall determine the form and manner in which appropriation accounts shall be maintained in accordance with section 126.21 of the Revised Code.

SECTION 509.11. REQUIREMENTS RELATING TO NON-STATE OWNERSHIP OF CERTAIN FINANCED PROJECTS

(A) No capital improvement appropriations or reappropriations made in this act shall be released for planning or for improvement, renovation, or construction or acquisition of capital facilities if a state agency, as defined in section 154.01 of the Revised Code, does not own the real property that constitutes the capital facilities or on which the capital facilities are or will be located unless provided for elsewhere in this act. This restriction does not apply in any of the following circumstances:

(1) The state agency has a long-term (at least as long as the obligations that financed the project) lease of, or other interest (such as an easement) in, the real property.

(2) In the case of an appropriation or reappropriation for capital facilities that, because of their unique nature or location, will be owned or be part of facilities owned by a separate nonprofit organization and made available to the state agency for its use or benefit, the nonprofit organization

either owns or has a long-term (at least as long as the obligations that financed the project) lease of the real property or other capital facility to be improved, renovated, constructed, or acquired and has entered into a joint or cooperative use agreement, with and approved by the state agency that meets the requirements of division (B) of this section.

(B) In the case of capital facilities referred to in division (A)(2) of this section, the joint or cooperative use agreement shall include, as a minimum, provisions that:

(1) Specify the extent and nature of that joint or cooperative use, extending for not shorter than the length of the obligations that financed the project, with the value of such use or right to use to be, as determined by the parties and approved by the approving department, reasonably related to the amount of the appropriation;

(2) Provide for pro rata reimbursement to the state should the arrangement for joint or cooperative use by a state agency be terminated; and

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state statutes and rules, including the provisions of this act.

(C) This section does not apply to appropriations or reappropriations from the State Capital Improvements Fund (Fund 7038), State Capital Improvements Revolving Loan Fund (Fund 7040), Clean Ohio Conservation Fund (Fund 7056), Clean Ohio Revitalization Fund (Fund 7003), the Service Station Cleanup Fund (Fund 7100), or the School Building Program Assistance Fund (Fund 7032).

SECTION 509.12. REAPPROPRIATION OF UNEXPENDED ENCUMBERED BALANCES OF CAPITAL APPROPRIATIONS

(A)(1) Notwithstanding the original year of appropriation or encumbrance, the unexpended balance of a capital appropriation or reappropriation that a state agency has lawfully encumbered prior to the close of the fiscal year 2025-2026 capital biennium is hereby reappropriated for the fiscal year 2027-2028 capital biennium from the fund from which it was originally appropriated or was reappropriated and shall be used only for the purpose of discharging the encumbrance. For those encumbered appropriations or reappropriations, any Controlling Board approval previously granted and referenced by the encumbering document remains in effect until the encumbrance is discharged or until the encumbrance expires at the end of the fiscal year 2027-2028 capital biennium.

(2) During the fiscal year 2027-2028 capital biennium, the Director of Budget and Management may cancel an encumbrance that was reappropriated pursuant to division (A)(1) of this section if the Director determines that the encumbrance is no longer needed to complete the project for which it was reappropriated or appropriated.

(B) If during the fiscal year 2027-2028 capital biennium, pursuant to section 126.22 of the Revised Code in order to correct an accounting error, the Director of Budget and Management reestablishes an encumbrance that was reappropriated pursuant to division (A) of this section, the amount representing the encumbrance canceled in error is reappropriated in accordance with division (A) of this section.

SECTION 509.13. PREVIOUSLY RELEASED REAPPROPRIATIONS

Capital reappropriations in this act that have been released by the Controlling Board or the Director of Budget and Management between July 1, 2024, and June 30, 2026, do not require further approval or release prior to being encumbered. Funds reappropriated in excess of such prior releases shall be released in accordance with applicable provisions of this act.

SECTION 509.14. REAPPROPRIATION OF UNENCUMBERED BALANCES OF CAPITAL APPROPRIATIONS

The reappropriations made in this act represent the unencumbered balances of prior years' capital improvements appropriations estimated to be available on June 30, 2026. Notwithstanding the foregoing, unless otherwise specified, the actual unencumbered balances on June 30, 2026, for the appropriation items in this act identified as reappropriations are hereby reappropriated. Additionally, there is hereby reappropriated the actual unencumbered balances on June 30, 2026, of any appropriation items either appropriated or reappropriated in H.B. 2 of the 135th General Assembly or appropriated in S.B. 54 of the 135th General Assembly, H.B. 434 of the 136th General Assembly, H.B. 184 of the 136th General Assembly, or H.B. 96 of the 136th General Assembly, and not otherwise listed in this act, or created by the Controlling Board pursuant to section 127.15 of the Revised Code, if the Director of Budget and Management determines that such balances are needed to complete the projects for which they were reappropriated or appropriated. The appropriation items and amounts that are reappropriated by this act shall be reported to the Controlling Board within 30 days after the effective date of this section.

SECTION 518.10. OBLIGATIONS ISSUED UNDER CHAPTER 151. OF THE REVISED CODE

The capital improvements for which appropriations or reappropriations are made in this act from the Higher Education Improvement Taxable Fund (Fund 7024), the Ohio Parks and Natural Resources Fund (Fund 7031), the School Building Program Assistance Fund (Fund 7032), the Higher Education Improvement Fund (Fund 7034), the State Capital Improvements Fund (Fund 7038), the State Capital Improvements Revolving Loan Fund (Fund 7040), the Coal Research and Development Fund (Fund 7046), the Clean Ohio Conservation Fund (Fund 7056), the Clean Ohio Agricultural Easement Fund (Fund 7057), and the Clean Ohio Trail Fund (Fund 7061) are determined to be capital improvements and capital facilities for natural resources, a statewide system of common schools, state-supported and state-assisted institutions of higher education, local subdivision capital improvement projects, coal research and development projects, and conservation purposes (under the Clean Ohio Program) and are designated as capital facilities to which proceeds of obligations issued under Chapter 151. of the Revised Code are to be applied.

SECTION 518.20. OBLIGATIONS ISSUED UNDER CHAPTER 154. OF THE REVISED CODE

The capital improvements for which appropriations or reappropriations are made in this act from the Administrative Building Taxable Bond Fund (Fund 7016), the Administrative Building Fund (Fund 7026), the Adult Correctional Building Fund (Fund 7027), the Juvenile Correctional Building Fund (Fund 7028), the Transportation Building Fund (Fund 7029), the Cultural and Sports Facilities Building Fund (Fund 7030), the Mental Health Facilities Improvement Fund (Fund 7033), and the Parks and Recreation Improvement Fund (Fund 7035) are determined to be capital improvements and capital facilities for housing state agencies and branches of government, mental health and developmental disabilities, and parks and recreation and are designated as capital facilities to which proceeds of obligations issued under Chapter 154. of the Revised Code are to be applied.

SECTION 523.10. TRANSFER OF OPEN ENCUMBRANCES

Upon the request of the agency to which a capital project appropriation item is appropriated, the Director of Budget and Management may transfer open encumbrance amounts between separate encumbrances for the project appropriation item to the extent that any reductions in encumbrances are agreed to by the contracting vendor and the agency.

SECTION 525.10. LITIGATION PROCEEDS TO THE ADMINISTRATIVE BUILDING FUND

Except as otherwise required by section 109.112 of the Revised Code, any proceeds received by the state as the result of litigation or a settlement agreement related to any liability for the planning, design, engineering, construction, or constructed management of facilities operated by the Department of Administrative Services shall be deposited into the General Revenue Fund or the Building Improvement Fund (Fund 5KZ0).

SECTION 527.10. TRANSFERS FROM THE CLEAN OHIO REVITALIZATION FUND TO THE SERVICE STATION CLEANUP FUND

During the biennium ending June 30, 2028, the Director of Budget and Management, at the request of the Director of Development, may transfer up to the remaining unobligated cash balance from the Clean Ohio Revitalization Fund (Fund 7003) to the Service Station Cleanup Fund (Fund 7100) as needed to provide for Service Station Cleanup grants awarded by the Director of Development.

SECTION 529.10. REDUCTION OF DEBT AUTHORIZATION

Amounts issuing authorities have been previously authorized to issue and sell in accordance with Article VIII of the Ohio Constitution shall be reduced by the total amounts transferred into their corresponding funds from the General Revenue Fund under Section 529.10 of H.B. 687 of the 134th General Assembly.

SECTION 605.10. That Section 200.30 of H.B. 2 of the 135th General Assembly (as amended by H.B. 184 of the 136th General Assembly) be amended to read as follows:

Sec. 200.30. ONE TIME STRATEGIC COMMUNITY INVESTMENTS
